PREFACE.

The sessions of 1707 and 1708 were distinguished by no unusual events, and harmony prevailed between the different branches of the Government.

Attendance on the Provincial Court being inconvenient to those who lived far from Annapolis, and especially to the people of the Eastern Shore, the Governor and Council recommended a system of itinerant judges to go on the Western and Eastern circuits, and hold assizes twice a year. To this plan the Lower House would not agree, so the Governor appointed four such judges by virtue of the royal prerogative, and the Queen confirmed the appointments.

As the people seemed slow in erecting towns and ports, for which such ample provision had been made in the Act of 1706, the Governor feared that that Act was "not sufficiently coercive," and again urged the Assembly to bestir themselves in the matter. At first sight it seems absurd to try to make ports by main force, unless one could also create the traffic to justify them; but there was a special reason in this case. Vessels had to be entered and cleared by the royal collectors, and thus the planters who could have landed and shipped their goods almost at their doors, were put to the trouble and risk of conveying them to or from Annapolis, St. Mary's, Oxford, or Chestertown. To remedy this, an Act was passed creating all the towns, rivers and landings in the several Bay counties, "members" of the ports of their districts.

The proceedings in the case of Richard Clarke, attainted for various heinous acts or designs, such as counterfeiting, piracy, and blowing up the port of Annapolis, show symptoms of a degree of alarm which at present seems rather excessive. But that business can be better studied in the Council Journals.

In the Session of Sept.—Oct. 1708, no Acts were passed, the Lower House having shown so froward a temper that the Governor cut short the session by dissolution.

On July 30, 1709, Gov. Seymour died, and by the terms of his commission the administration of his office was vested in the Council who chose Edward Lloyd as their President. Lloyd held this position until the arrival of Gov. Hart in 1714.

On p. 496 we find the first allusion to the arrival of German "Palatines" in the Province. These were inhabitants of the Palatinate of the Rhine, which was ravaged and almost depopulated by the French armies in 1688, and the following years. Several thousand of these fugitives took refuge in England in 1709 whence some emigrated to America, principally to New York and Pennsylvania, where they were so kindly received that they invited over others of their countrymen. Later, about 1732, there was a large influx of Germans to this country, who are often referred to as "Palatines." Some of these may have been the Salzburgers who were evicted by their Archbishop, some of whom Gen. Oglethorpe settled in Georgia; but the name "Palatine," having become familiar, was given to any body of Protestant German immigrants. It is interesting to note that, owing to the preponderant numbers of the genuine Palatines, other German dialects were assimilated to their speech, which became the foundation of the curious mixed dialect known as "Pennsylvania Dutch."

This being the Day appointed by his Ex^{ncys} Proclamation for the meeting of the Generall Assembly of this Province

His Ex^{ncy} the Governour was present in Councill with the

Honourable Thomas Tench Esq ^r	} Coll William Holland } Coll Francis Jenkins & James Sanders Esq ^r
Coll. John Hammond	
Coll. Edward Lloyd	

And his Ex^{ncy} was pleased to communicate to the Boarde what he Intended to Propose to this p^rsent General Assembly upon their first meeting.

Which being read at the boarde was by them well Approved of. Then came M^r Gouldesborough M^r Bradley & M^r Stone from the house of Delegates to Informe his Excellency that their house were mett & wayte his Commands.

To which his Excellency made Ans^r that he would very speedily send for them, but the day being far Spent This Board Adjourned untill nine of the Clock to morrow in the morning.

Thursday March 27th 1707

The Councill in Assembly Sate Present as Yesterday.

And the hon^{ble} Thomas Tench Esq^r & Coll W^m Holland were sent to the house of Delegates to tell M^r Speaker that his Ex^{ncy} in Councill comands him & the whole House of Delegates I^mmediately to attend him in the Councill Chamber. And thereupon M^r Speaker and the members of that house came up to the Councill Chamber where his Ex^{ncy} was pleased to bespeak them as followeth Viz.

M^r Speaker and you Gentⁿ Delegates.

Since Wee are obliged to follow, and observe the sanctions of our great Pattern the Parliament of England, Wee may well conclude (unless some very Extraordinary Occasion calls for Your Assistance) our meeting now will be the last Session of this Present Assembly.

Original
Journal.

And that Posterity may not put an ill Gloss on our good meaning, I earnestly recomend to You a Serious retrospection into some Laws not long since revised and left now more ambiguous than at first, and the amending others lately made, which were intended for good ones by the house, but are in reality, re infectâ; Particularly that of Erecting Townes & Ports, which seems not to be Sufficiently coercive, in some of the most material Branches, another to outlaw Richard Clarke whose Crimes are so notoriously aggravated, they cry aloud for Justice, and therefore cannot doubt of Your ready Concurrance in an Effectual Clause for the future Ease and quiet of her Majesty's good Subjects; nor the rectifying and amending the others while its in your power, which will Sufficiently Testify your good honest Intentions to after Ages.

Gentlemen

P. 3 I am very glad to give you a remarkable fresh Instance of her Gracious Majesty's good Inclinations towards us of this Province in a late Instruction I received to appoint four Itenerant Judges, that every man without the fatigue and Charge of coming hither, may have Justice done him in his owne proper County. This Gentlemen will be a true encouragement to Propogate good Learning, and Litterature in the Country that Your Posterity may qualifiye themselves to perform the Dutys of the highest Stations; for at present that seems to be absolutely necessary; since her Majesty designes you Judges borne within Your owne bounds, which is really so Indearing a condescention; You will I hope (like Loyall good Subjects) ever gratefully Acknowledge.

Her Majestys honble Council have with me truly considered of the most proper Methods to render this her Majestys Royal Indulgent care of us, most Effectually, good to the Publick and shall Transmitt you a scheme drawne up by the best Advice we could procure which I doubt not will incourage your ready Assistance in a Matter of such moment to all; If any disputes should arise how these Judges should be supported. I would never have you forgett by whose authority you sitt and on all occasions to remember our Royal Sovereigns just commands are too Sacred to be trifled with or neglected, therefore pray pardon this Early ffriendly caution; whilst it is now in your Option to have the publiq necessary Levys of the Countrye circulate within your owne bowells; lest others should be sent from home & you directed by Authority to disburse it.

Gentlemen

The modell intended will not put the Province to so great a charge as it lyes under at Present; if we take off the Excessive

unnecessary allowance from the several Sherriffs for Transporting or conveying Letters which is a General Grievance by their neglecting the Delivery of them, in any reasonable time; & gives opportunity to designing evil Persons to open & puse them, to the Detriment of many Traders and the Eternall Scandal of the Conveyers without any Sort of Benefit to the Government or any Person whatsoever but themselves next reducing the sitting of the County Courts to four times in the Year and the whole Expence of the Provinciall Courts &c Please to Calculate the Charge designed to be saved; You will find it very considerable.

M^r Speaker

I have fresh Commands about S^r Thomas Laurence who alleadges he has injustice done him; I never injured that Gent^a in any manner whatsoever to my Knowledge. Therefore hope you will find out Some Way to Ease me from his clamorous complaints and if the house has put any hardships on his Office without considering he holds it by Pattent under the Great Seale of England, lett it be redressed a Gods name

I am ordered likewise to lay the Conveniency of M^r Dummers Packquett Boates before you; whereby the Governments on this Continent may very Probably hear from England every six weeks; as the Plantations in the West Indies constantly do; for as Correspondence is the life & Sole of all Trade Why should not we endeavour to reap so Experimentall a Benefit with our neighbours and fellow Subjects for such an inconsiderable comon Gratuity as Postage therefore heartily recommend M^r Dummers proposalls to Your Consideration.

Gent^a

As there is a necessity for making some new Short Laws to Preserve the Dignity of the Government the Peace of Your Country & every honest mans Lawful Property & Credit I have Directed M^r Attorney Gen^l to draw up two or three which shall be Sent from this boarde for Your Approbation, and concurrence; Viz. to prevent all Persons disaffected to her Present Majestys Government from forging and disperseing false and Scandalous Reports of affaires in Europe &c during this Present Warr, another for punishment of all Coyners of false Dollars Pieces of Eight &c and distributing them for good ones; and of laying a fine on all openers of other mens Letters; w^{ch} villainous practice is so frequently used in this Province (and abhorred every where but in an Enemys Country to our very great Scandall) for the Right Honble M^r Secretary Hedges his Letters to me have not Scaped the knavish

p. 5

Original inspection of those Sort of men; there are others I shall Pre-
Journal. sume to Communicate to the house of Burgesses by Message.

And now M^r Speaker and you Gentlemen Delegates give me leave to mind you of my owne small concern the rent of my house with the necessary repairs & amendments about it, and the out houses for without these little Additions, I could expect no comfortable being.

Gentⁿ

I can never believe it was any disgust to my Pson or a Slight to her Majestys directions in that point, you refused building the Governour a house (which our neighbours granted at first word to theirs) but the Low unfortunate Circumstances the Poor Province Laboured under; for which reason I refused fifteen pounds a year above the rent I now stand at, when you were Pleased to offer it; and lett the matter rest without any reluctancy or uneasiness till we knew each other better. Therefore as you never yett found me mercenary or tricking; I cannot doubt your Justice in this trifle what I have Expended amounts to £ 47..13^s..6^d to the truth of which I cann Solemnly Depose I have observed in some Speeches of a Predecessor—a very ingenious wining passage; that he had put the Country to no charge; its true I have; but be so just
p. 6 to consider those were halcyon days of Peace & Tranquillity myne of Warr and hurly Burlys abroad and at home, which threaten us anew, I appeale to every Gentⁿ here present to Justify me in the truth of this modest Assertion that what has been laid out by my Directions was for your hon^r Safety & Service without any manner of Prospect to Advantage myself or family.

Your Small Stock of Arms are well fixed our Ammunition good, and usefull & think it my Duty while I am your Governour to have it constantly preserved for the publick Service; from all home bred Villianes and every enemy to our monarchye & Country, what designes are Carrying on, to bring fresh trouble and Expence on us, the house shall be acquainted with, not without hopes by your prudent timely Assistance to defeat and punish the Ring leaders, for their new concerted Barbarity; which surely I cann never faile of from Gent. whose Integrity and Ability the free holders of the Province were So well assured off unanimously to chuse for Burgesses to serve & use your utmost endeavours to preserve our Libertys & this our Lawfull Constitution.

Let me therefore engage your very serious Considerations in this Juncture; how the Government may be truly Safe & Supported against the present and all other daring Insults whatsoever that you & Yours may be happy & flourish in Suc-

ceeding Generations which Your Vigorous Unanimity now may Settle and Establish to your lasting Satisfaction and Honour.

But before M^r Speaker went out of the Councill Roome he moved that he and the members of the house might be favoured with a Copy of his Ex^{ncys} Speech to them this day. Which at his request was Readily granted, And thereupon it was ordered by his Excellency and the Board that the Clarke of the Councill make a fair & true Copy of his Ex^{ncys} said Speech and deliver the same to M^r Speaker.

Unless it shall be thought fit to Purge it of the Wrongs & Partiality's that I dare affirme in the Presence of all Impartiall People, runn through most of the Paragraphs thereof by which a great many of the Ignorant and unthinking People have without the least benefitt Expended a Considerable part of their Substance which is really the Consequence of all Laws made to Serve Private Ends, And as for the other Act the unreasonableness thereof was so apparent that the Limitation of five Years has been Extended to twelve in order to make it appear more Plausable. Yet that noe way ans^{rs} the Justice required to be done the Lord Baltimore in as much as his bonds were due twelve Years before the act for Prolongation of the time was made. Thereffore doubt not but Your Ex^{ncy} will thinke of the most Proper method to do my Master Right in this particular as well as in the other that he

The houses message Advising Proportionable Parts of the
 p. 44 Public Armes & Amunition to he sent to the Severall Countys and Comitted to the Care of the Chief Off^{rs} of the Militia in the s^d Countys has been Read, and in Reply thereto Wee Acquaint you that the Publick Arms and Amunition are Purchased out of the Quarter part of her Majestys Revenue of the 12^d p hhd granted by her Majesty for the Defence of this Province, and that altho it be sometimes necessary for the Imediate Safety & Defence thereof that Some Small Quantity of Armes and Amunition may be lodged in Severall Countys to be made Use of by Such who are not able to Procure Armes at their owne Cost (as required by the Act of Assembly) for regulating the Militia at the Chief Officers discretion upon a suddein Invasion or Incursion Yett in regarde a strict Account of the said Armes and Amunition Purchased with the 3^d p is Expected to be given by the Government here to her Majesty when required and that the Government here is ans^{table} therefore, and that It has been found by Experience the small Quantity of Armes and Amunition heretofore lodged in the severall Countys have been misused Spoiled and Lost so that the greatest Part
 p. 45 thereof are unfixed & Consumed or rendred altogether useless.

Wee cannot Advise his Ex^{ncy} to send to the Severall Countys any more than what may be thought necessarily Requisite for a Competent Supplym^t But that Pursuant to her Ma^{ty}s Royall Instructions a place of Arms or Publick Magazine of Armes and Amunition be kept at the Towne and Port of Annapolis where the Armes & Amunition may be well Preserved and on all Occasions be distributed and applied as his Ex^{ncy} shall think fitt: And this being the Seate of Government where her Majestys Governour Resides and the Courts of Justice are kept & Records Lodged, It will be highly necessary the house would consult Some measures for the Safety of the said Magazine here at this Towne & Port & in order thereto Since wee cannot think the publick Armes well Secured in the Place where at Present Lodged.

Therefore it is Proposed if the house are willing the said Armes may be lodged in Some of the Spare Roomes of the

Court house where they will be farr more Secure from fire & Preserved from the Dampness of the aire which occasions them to Rust: and that a Select Number of Armes belonging to Ann Arundell County be hung up in the Court house & fixed by Iron Barrs and padlocks that they may not be handled or taken downe unless by those who have Authority so to do. But as to the Armes applyed to the Peticular Use of Ann Arundell County being laid up in the Court House, the house thinke that will not be Convenient; but that the Said Armes may be put into the Roome where the Publiq Armes are appointed to be kept if his Ex^{ty} approve thereof. Upon perusall and Consideration of the last Clause or Paragraph Providing what shall be good Evidence to Prove fforign Debts which Enacts that an Account of Goods Sold Worke done money Lent and such other Articles as Lye Properly in Account and Sworn to by the Plaintiff in an Action brought or by the Defandant in his Defence in Dis-

count of all or part of the Plaintiff's Claim before such Justice or Justices (viz. one Provinciall or two County Court Justices) and that no Part or Parcell is paid other then what is taken Notice of in Such oath shall be received as Evidence. Wee thinke that if such Proof were Limited to goods Sold & worke done, it would be Sufficient, and that money lent ought to be proved by a note under hand or by receipt or Perticular Assumption and as to such Articles as Lye Properly in Account. The words are So General they Serve to amuse the Justices who often admitt of very Large Proofs w^{ch} Tend to Introduce Perjury and therefore wee cannot but recomend it to Your Serious Consideration.

The Act of Assembly against the Exportation of European Goods is Experienced since the short Time it has been in force, to be a great discouragement to the Trade of Import, which is Diverted thereby from this Province & carryed directly to other Ports. Whereas this Country would be the Port of Trade for such Vessels therefore advise it be repealed.

His Ex^{ncy} has received her Majestys Directions that the Quakers in this Province be Compelled to Contribute a Proportionable Share to the Charge of the Militia and Defence of the Country. But that the Distresses made upon them for their Defaults be not Extraordinary beyond the bounds of Moderation or more then what is Levyed upon others.

Wherefore Wee propose a Supplementary Law be made Providing therefore and Since the method Levyng of the fines by Act of Assembly in Such who neglect to appear and serve in the militia being only upon the Goods and Chattels and no Execution given against the body of the Defaulter has no Effect as to Young Freemen who have no Vizable Personall Estate whereon the Sherriffs may Levy them, it is Proposed that in Such Case Execution may be awarded against their Body otherwise there is no way to Enforce them.

Attorney Gen^l for his Opinion what Offence M^r Joseph Hill
is Guilty of and how he ought to be Proceeded against.

The said Att^{ey} Generall Reported as followeth

I am Humbly of Opinion that the said Hill having Corresponded with and Assisted Richard Clark who stands outlawed for Treason and not having Discovered where he was (which he must needs have been Acquainted with otherwise could never have Settled the Correspondence or Presumed to send the Shallop to him) he is guilty of an high misprision and the s^d Clarks offence being Treason his must Consequently be Misprision of Treason at the Least for which he ought to be Arrested and put to Tryal by his Country and this Arrest may be made in this Case even during the sitting of the Assembly and that by Virtue of a Warrant from his Ex^{ncy} her Majestys Gov^r and her Majestys honble Councill from the Boarde

Which is humbly Submitted to the Approbation of his Ex^{ncy} the Govern^r & Councill by their

By his Ex^{cy} the Govern^r & Council in Assembly
April 12th 1707.

The houses answer to the Councils Proposals by Coll Holland and M^r Sanders, was Received here and upon Mature Consideration this Board cannot omitt Acquainting You that Wee are Sencible great Complaints have been made of that Part of the Law for Proving Debts and Peticularly in a Cause M^r Somerset brought in the Provinciall Court against John Brannock wherein the Chief Justices Opinion was over ruled by the rest of his Brethren.

The Securing the 40^l tob^o p poll, as we proposed in Case it should happen to be in any Peticular Vestryman or Sheriffs Hand is but Reasonable for neither are any Vestrymen obliged or ever doe give Security to Account therefore.

And as to the Quakers Contributeing to the Charge of the Militia, Your Answer is very wide of the Recomendation which is that seeing the Quakers Scruple bearing Armes in person her Majesty thinks fitt that they should be compelled to hire or otherwise Supply Such men who may be Capable and fitt to do their duty and Service in that Station.

And thò this board are not for having anybodys Person Executed before a day in Court given to hear his Defence Yet we are desireous to render every Branch in the Act for the better ordering and regulating the Militia as Efficacious as may be Therefore wish You would award Execution ag^t the body of such Freeman upon their Default Certified by two

feild Officers Provided such Fine Exceed not one hundred pounds of Tob^o at one time and this will not be a greater Violence to Liberty then the power given to Justices to hear and determine small Debts, who may award Execution for two hund^d pounds of Tobacco against the body.

that his Excellency and Council commands him and the whole L. H. J. House to give their immediate Attendance at the Council Chamber. Thereupon they attended his Excellency at the Council Chamber where his Excellency was pleased to declare to them by his Speech as follows Viz^t

M^r Speaker and you Gentlemen Delegates

Since we are obliged to follow and observe the Sanctions of our great Pattern, the Parliament of England, we may well conclude (unless some extraordinary Occasion calls for your Assistance) our Meeting now will be the last Session of this present Assembly.

And that Posterity may not put an ill Gloss on our good Meaning I earnestly recommend to you a serious Retrospection into some Laws not long since revised and left now more ambiguous than at first; and the amending others lately made which we intended for good Ones by the House; but are in Reality re infecta particularly that of erecting Ports and Towns which seems not to be sufficiently coercive in some of the most material Branches. Another to outlaw Richard Clarke whose Crimes are so notoriously aggravated they cry aloud for Justice; and therefore cannot doubt of your ready Concurrence in an effectual Clause for the future Ease and Quiet of her Majesty's good Subjects nor the rectifying and amending the others while it is in your Power which will sufficiently testify your good honest Intentions to after Ages

Gentlemen, I am very glad to give you a remarkable fresh Instance of her Gracious Majesty's good Inclinations towards us of this Province in a late Instruction I received to appoint four Itinerate Judges that every Man without the Fatigue and Charge of coming hither may have Justice done him in his own proper County; This Gentlemen, will be a true Encourage- p. 97 ment to propagate good Learning and Literature in the Country, that your Posterity may qualify themselves to perform the Duties of the highest Stations; for at present that seems to be absolutely necessary since her Majesty you Judges born within your own Bounds which is really so inducing a Consideration, you will, I hope, like good Subjects ever gratefully acknowledge Her Majesty's Honble Council have with me truly considered of the most proper Methods to render this her Majesty's Royal indulgent Care of us most effectually good to the Public, and shall transmit you a Scheme drawn up by the best Advice we could procure, which I doubt not will encourage your ready Assistance in a Matter of such Moment to All; if any Disputes should arise how these Judges should be supported, I would never have you forget by whose Authority you sit, and on all Occasions to remember our Royal Sover-

L. H. J. eign's just Commands are too sacred to be trifled with or neglected: therefore pray pardon this early Friendly Caution, whilst it's now in your Option to have the publick Levys of the Country circulate within your own Bowels lest others should be sent from Home and you directed by Authority to disburse it.

Gentlemen, The Model intended will not put the Province to so great a Charge as it lies under at present; if we take off the excessive unnecessary Allowance from the severall Sheriffs for transporting or conveying Letters which is a general Grievance; by their neglecting the Delivery of them in any reasonable Time and gives Opportunities to designing evil Persons to open and peruse them to the Detriment of many Traders and the eternal Scandal of the Conveyers, without any Sort of Benefit to the Government or any Person whatsoever but themselves; next reducing the sitting of the County Courts to four Times in the Year, and the whole expence of the Provincial Court &^{ta} Please to calculate the Charge designed to be saved you will find it very considerable.

M^r Speaker, I have fresh Commands about Sir Thomas Lawrence who alledges he has Injustice done him. I never injured that Gentleman in any manner whatsoever to my Knowledge, therefore hope you will find out some way to ease me from his clamorous Complaints; and if the House has put any Hardships on his Office without considering he holds it by Patent under the Broad Seal of England let it be redressed A God's Name.

I am ordered likewise to lay the Conveniency of M^r Dumerie's Packet Boats before you whereby the Government on this Continent may very probably hear from England every six weeks; as the Plantations in the West-Indies constantly do; for Correspondence is the Life and Soul of Trade: Why should not we endeavour to reap so experimental a Benefit with our Neighbours and Fellow Subjects for such an inconsiderable common Gratuity as Postage? therefore heartily recommend M^r Dummers Proposals to your Consideration.

Gentlemen,

p. 98 As there is a Necessity for making some new short Laws to preserve the Dignity of the Government, the Peace of Your Country and every honest Man's lawful Property and Credit, I have directed M^r Attorney General to draw up two or three, which shall be sent from this Board for your Approbation & Concurrence Viz^t. To prevent all Persons disaffected to her present Majesty's Government from forging and dispersing false and scandalous Reports of Affairs in Europe &^{ta} during this psent war Another for punishing of all Coiners of false

Dollars, Pieces of Eight &^{ta} and distributing them for good ones and of laying a Fine on all Openers of other Men's Letters which villainous Practice is so frequently used in this Province (and abhorred every where but in an Enemy's Country) to our great Scandal, for the Right Honble M^r Secretary alledges his Letters to me have not 'scaped the knavish Inspection of those Sort of Men. There are others I shall presume to communicate to the House of Burgesses by Message.

And now M^r Speaker and you Gentlemen Delegates give me Leave to remind you of my own small Concern, the Rent of my House with necessary Repairs and Amendments about it and the Out-Houses; for without those little Additions I could expect no comfortable Being.

Gentlemen: I can never believe it was any Disgust to my Person or a Slight to her Majesty's Directions in that Point, you refused building the Governor a House (which our Neighbours at first word granted to theirs) but the low unfortunate Circumstance the poor Province laboured under, for which Reason I refused 15^h a Year above the Rent I stand at, when you were pleased to offer it, and let the Matters rest without any Reluctancy or uneasiness till we knew each other better.

Therefore as you never found me Mercenary or tricking I cannot doubt your Justice in this Trifle. What have I expended amounts to £ 47..13..6 to the Truth of which I can solemnly depose. I have observed in some Speeches of a Predecessor a very ingenious winning passage, That he had put the country to no Charge. It's true I have, but be so just as to consider those were Halcyon Days of Peace and Tranquility mine of War and Hurly burly abroad and at Home, which threaten us anew But I appeal to every Gentleman here present to justify me in the Truth of this modest Assertion; That what has been laid out by my Directions was for Your Honour Safety and Service without any manner of Prospect to myself or Family. Your small Stock of Arms are well fixed, our Ammunition good and useful, and think it my Duty while I am Your Governor to have it constantly preserved for the publick Service from all Homebred Villains and every Enemy to our Monarch & Country.

What Designs are carrying on to bring such Trouble and Expencc upon us the House shall be Acquainted with not without Hopes by your prudent Timely Assistance to defeat and punish the Ringleaders for their new concerted Barbarity; which surely I can never fail of from Gentlemen whose Integrity and Ability the Freeholders of this Province were so well assured of unanimously to choose for Burgesses to serve and use your utmost Endeavours to preserve our Liberties and this our lawful Constitution.

L. H. J.
p. 99 Let me therefore engage your serious Consideration at this Juncture how the Government may be truly safe and supported against the present and all other daring Insults whatsoever that you and yours may be happy in succeeding Generations which your vigorous unanimity now may settle and establish to your lasting Satisfaction and Honour.

But whereas the said Beall complained against several of his Lordship's Surveyors for Injustice done him and they not being here to answer for themselves Col^o Darnall and M^r Carroll informed the Committee that the several Surveyors have given Bond with good Security for due Performance of their Offices which Bonds the are ready to assign over to any Person damni- fied through their Neglect or Misapplication of their Office to any Person for their Recovery of their Right by due Course of Law. By the Committee for viewing the Prison.

L. H. J.

April 2nd 1707

It is reported to the House that in Obedience to the order of the House we have viewed the said Prison and do find the same as to the Stone Work to be according to the Agreement made with M^r William Bladen upon the Journals of the House the 19th of July 1699 and May 17th 1701, but as to the Timber work we find the Joists are not of so large a Scantling as p the said Agreement is required and the Distance between them is from Eight to twelve Inches when by the Agreement they ought to be but six. As to the Roof we find it very defective there being but seven Pair of Rafters in the whole and no Ceiling in the Roof whereas by the Agreement it ought to be ceiled with Oak Inch Plank throughout the whole Roof. p. 113

We are also of Opinion that to make the said Prison sufficient there be a Joist put in between every one of the Joists already laid of six or seven Inches square that the Plank be well and sufficiently nailed to all the Joists and that there be a Purloyn well fixed under the Ceiling Joists and two good Rafters from the Purloyns to the End of the Joists on both sides the House betwixt each Pair of Rafters already placed. And as many ceiling Joists and two Studs betwixt every Stud already up to be ceiled all round the Roof and under the ceiling Joists with Inch Oak Plank well nailed.

Signed p Order Richard Dallam Cl. Com.

Which Report being read the House find that M^r William Bladen the Undertaker has not performed his Agreement with the Country. Therefore it's resolved he make good what is deficient as reported

This Board having been several Times importuned by divers Petitions from the County of Saint Mary's to have the Court House of the said County appointed in the Center thereof the holding of Courts at Saint Mary's being represented by the Grand Jury as a great Aggrievance to the major Part of the Inhabitants there do recommend to the House of Delegates that a short Act of Assembly be made for appointing the said Court House to be built at a small Town to be erected at Briton's Bay being within two miles of the Center of the whole County and the better to enable the said County to build such

L. H. J. new Court House that Commissioners be appointed to make a good Sale of the Court House at Saint Mary's Town and the present Interest of the Country to one hundred Acres of Land there and the Rent and Reversion of the Country House saving the Rights of particular Persons who have built and taken up Lots and paid for the same there being 30000 lb Tobacco offered therefor which is conceived will be sufficient to build a convenient Court House for the said County

In Reply to the House's Request by M^r Muschamp and M^r Mackall desiring to know by what Methods M^r Dumer proposed to render his Packet Boats useful to this Province or what Satisfaction he would require therefor we give you to understand that M^r Dumer proposes to put the same Method in Practice of sending his Packet Boats to the Continent as now used to the West Indies so that the Merchants Letters will come to us at the Rate of Eight Pence a single Letter and sixteen Pence a double one. The said M^r Dumer makes his Proposals to all the Neighbouring Governments and if they close with him he will set on foot otherwise it will not be worth his while; so that if we encourage the said M^r Dumer by writing him we are willing to embrace his Offers on those Terms it will be a means to promote it otherwise a total Discouragement which would be great Pity.

Wherein first we give your Excellency our humble and hearty Thanks for that Peace and Tranquility which we have and do now enjoy under your prudent and auspicious Government humbly hoping that our Gracious Queen will be pleased to continue you long in this Government over us.

S^t. As you have added to our Tranquility many Advantages so we must not omit to express our Thanks to your Excellency for them lest we deservedly fall under the Censure of Ingratitude to so good and generous a Benefactor

We are very sensible of the great and dangerous Designs which have been carrying on by wicked People Enemies to her Majesty's Government to destroy the Records, Arms and Ammunition, this Town, and all that was necessary to render this Governm^t safe and secure, and we do in a very deep sense thereof return you our hearty Thanks for the great Care and Prudence you have shewed in the Preservation of all those

L. H. J. Things and the preventing the Effect of so dangerous a Conspiracy and we do humbly pray that your Excellency would be pleased to give Order to the Attorney General to prosecute all such Persons as now are or shall be found to be in the said Conspiracy. We also give your Excellency our hearty Thanks for the great Trouble and Care you have been pleased to put yourself to in procuring the Virginia Law for Settlement
 p. 120 of Ports in that Colony for our Perusal and Consideration, whereby we have been enabled to state Things (in Relation to Towns here) so as we hope not to be outdone by that Governm^t.

Sir, We want words to express our Gratitude to your Excellency but hope that that benign Temper with which you always treated us will excuse what may be wanting upon so solemn Occasion

May it please your Excellency,

This House has considered that Part of your Excellency's Speech relating to the Security of the Arms and Ammunition lodged in the Magazine in this Town, and this House is of Opinion that the Arms Ammunition will be best preserved and secured for the Service of the Country by sending proportional Parts of it into the Counties and committing of it to

the Care of the Chief Officers if your Excellency shall be L. H. J. pleased to approve thereof.

Thomas Tench and James Sanders Esq^s Col^o Holland and Col^o Jenkins enter the House and delivers M^r Speaker the following Message directed To the Honourable House of Delegates. Ordered to be entered as followeth

Gentlemen, I take your Address very kindly and am and shall be always glad that I have or may do the Province any Service in General or yourselves in particular. Being Gentlemen
Your Friend and Servant, John Seymour.

Col^o Hammond, Col^o Lloyd, Col^o Jenkins and Col^o Ennalls enter the House and deliver M^r Speaker the following Message

By his Excellency the Governor and Council in Assembly. p. 121

The House's Message in advising proportional Parts of the publick Arms and Ammunition to the several Counties and committed to the Care of the Chief Officers of the Militia in the said Counties has been read, and in Reply thereto we acquaint you, that the publick Arms & Ammunition are purchased out of the Quarter Part of her Majesty's Revenue of the 12^d p Hhd. granted by her Majesty for the Defence of this Province, and that altho' it be sometimes necessary for the immediate Safety and Defence thereof that some small Quantity of Arms and Ammunition may be lodged in the several Counties to be made use of by such who are not able to procure Arms at their own Cost (as required by the Act of Assembly for regulating the Militia) at the Chief Officer's Discretion upon a sudden Invasion or Incursion; yet in Regard a strict Account of the said Arms & Ammunition purchased with the 3^d p Hhd is expected to be given by the Government here is answerable therefor; and that it has been found by Experience the small Quantities of Arms and Ammunition heretofore lodged in the several Counties have been misused, spoiled, and lost, so that the greatest Part thereof are unfixt and consumed or rendered altogether useless. We

L. H. J. cannot advise his Excellency to sent to the several Counties, any more than what may be thought necessarily requisite for a competent Supplement But that pursuant to her Majesty's Royal Instructions a Place of Arms or publick Magazine of Arms and Ammunition be kept at the Towns and Port of Annapolis where the Arms and Ammunition may be well preserved and on all Occasions be distributed and applied as his Excellency shall see fit, and this being the Seat of Govern^t where her Majesty's Governor resides and the Courts of Justice are kept, and Records lodged, it will be highly necessary the House would consult some Measures for the Safety of the said Magazine here at this Town and Port. And in Order thereto since we cannot think the publick Arms well secured in the Place where at present lodged; therefore it is proposed (if the House are willing) the said Arms may be lodged in some of the spare Rooms of the Court House where they will be far more secure from Fire and preserved from the Dampness of the Air which occasions them to rust; and that a select Number of Arms belonging to Ann Arundel County be hung up in the Court House and fixed by Iron Bars and Pad Locks that they may not be handled or taken down, unless by those who have Authority so to do.

Signed p Order W Bladen Cl. Co.

Which foregoing Message by Col^o Hammond &^{ta} being again read it is resolved to be answered as follow Viz.

By the House of Delegates April 5th 1707

In Answer to the Message wherein 'tis proposed that a Room in the Court House be ordered for the Reception of the publick Arms this House do approve thereof and that the Room appointed for the Petit Juries be set apart for that Purpose, but as to the Arms applied to the particular Use of Ann Arundel County, being laid up in the Court Room the House think that will not be convenient, but that the said Arms may be put into the Room where the publick Arms are appointed to be kept, if his Excellency do approve thereof. And as to the Security of Ammunition this House do pray a Conference with her Majesty's Council in Order to settle that Matter

The Bill herewith sent to the House for the Attainder of Richard Clarke is thought reasonable by this Board since

L. H. T. this is the second Time your House has ordered the Attorney General to prosecute him and his Accomplices and that hath been ineffectual and altho' there are now actually four Bills of Indictment found by several Grand Juries of this Province against him yet divers evil Persons have presumed to receive comfort, and aid him whereby he has been able to avoid Justice according to his Demerits sculking within ten miles of this Place, the Seat of Government, and practicing and carrying on his traiterous and wicked Designs.

That in Pursuance of the above Ordinance we did propose the transcribing of them to Thomas Jones who we looked upon to be a proper Person; but he first refused to agree for any Thing but money and some Time after did propose to have undertaken them for Part Money and Part Tobacco in this County which we could not agree to for any Thing by Reason of the Restriction laid upon us by this House and at another Time proposed to agree for Tobacco wholly but considering it would amount to a considerable Sum of Tobacco at the Rate proposed, and this Session being near we referred it to the Consideration of the House. And as to the binding Part we could not meet with any that would undertake it, which we likewise refer to this House Both which we humbly advise may be done in Regard they are liable to wear and tare more now in one month than if mended they would be in Twelve.

- p. 128 1st Upon Perusal and Consideration of the last Clause or
 Paragraph in the Act providing what shall be good Evidence
 to prove foreign and other Debts which enacts that an Ac-
 count of Goods sold, Work done, Money lent, and such other
 Articles as lye properly in Accounts and sworn to by the Plain-
 tiff in an Action brought, or by the Defendant in his defence
 in Discount of all or Part of the Plaintiff's Claim before such
 Justice or Justices (Viz. one Provincial or two County Court
 Justices) and that no part or Parcel is paid other than what is
 taken notice of in such Oath shall be received as Evidence,
 We think that if such Proof were limited to Goods sold
 and Work done, it would be sufficient, and that money lent
 ought to be proved by a Note under Hand or by Receipt or

particular Assumption. And as to such Articles as lye properly in Accounts the Words are so general they serve to amuse the Justices, who often admit of large Proofs which tend to introduce Perjury and therefore we cannot but recommend it to your serious Consideration. L. H. J.

And whereas it is for the Honour of Almighty God that the Clergy of this Province should be supported and the Rites and Dues of our infant Church well secured. It is proposed that when or wheresoever it shall happen that any Part of 40 Tobacco p Poll or other Rights or Emolument belonging to the Church may happen to be lodged in any Persons Hands who shall die before they have satisfied and accounted to the respective Vestries or Incumbents for the same, that in all such Cases his Claims from their Executors or Administrators shall be paid as preferable to all other Debts Dues and Demands whatsoever (the Rights and Dues to our sovereign Lady the Queen always excepted & foreprized)

3^d The Act of Assembly against the Exportation of European Goods is experienced since the short Time it has been in force to be a great Discouragement to the Trade of this Province import which is diverted thereby from this Province and carryed directly to other Ports, whereas this Country would be the Port of Trade for such Vessels therefore advise it to be repealed.

His Excellency has received her Majesty's Directions that the Quakers in this Province be compelled to contribute a proportionable Share to the Charge of Militia and Defence of the Country but that the Distresses made upon them for their Defaults be not extraordinary beyond the Bounds of Moderation or more than what is levied on others. Wherefore we propose a Supplementary Law be made providing therefor and since the Method of laying the Fines by Act of Assembly on such who neglect to appear and serve in the Militia being only on the Goods and Chattels and no Execution given against the Body of the Defaulters has no Effect as to young Freemen who has no visible Personable Estates whereon the Sheriffs may levy them it is proposed that in such Case Execution may be awarded against their Bodies otherwise there is no way to inforce them

Signed p Order. W Bladen Cl. Co.

1. Which being read and debated in the House. It's resolved p. 129 that as to the first Paragraph of the Message and the matter therein contained that the Law is sufficient as already enacted.

2. The second Paragraph relating to the Rights of the Church being again read and debated. Resolved there is no Occasion of a Bill.

L. H. J. 3. Paragraph relating to the Act against Exportation of European Goods was likewise again read and debated and Resolved by Majority of Votes that Law be repealed.

By his Excellency the Governor and Council in Assembly L. H. J.
April 10th 1707

The Clerk of the Council through whose Office most of the publick Business of the Country passes has always been supplied at the publick Charge with Paper, Pens, Ink, Wafers and Wax. The present Clerk of the Council affirms he has officiated near nine years and never had but one Allowance of £ 6. which was in May 1704 At which Time he was allowed for an Assistant Clerk that Assembly but never since considered on that Score; Therefore we recommend to the House that they will direct the Committee of Accounts to make him a reasonable Allowance.

And whereas you thought fit to make an Allowance to the Clerk of your House over and above his Salary for that there were several Sessions in the year 1704 we wish you not to forget ours, whose Trouble and Service was equal; nay more, in that he finished his Number of Journals of the long Sessions compleat, when your Clerk provided but one Journal

In Answer the Message relating to the Act what shall be good Evidence to prove foreign and other Debts this House are of Opinion that that Branch of the said Act mentioned in the Message Viz. Goods sold, work done, money lent &^{ta} is well enough and has no need of Amendment. And as to that relating to the Clergy we believe that that matter is well enough

settled and secured already by the Law ; and therefore we are L. H. J.
 unwilling to make any Alteration therein. And as to the
 Quakers we take them to be comprehended within the Law
 of the Militia already and there is no Reason to make a Pro-
 vision for them distinct from the rest of the Queen's Subjects
 in this Province as to the Militia Affairs. And as to all other
 Matters relating to the Militia we are of Opinion that the Law
 is well enough as it is and needs no Manner of Alteration.

 pends the Defence and Security of the Province he must
 (though very desirous to avoid all Occasions of exposing the
 Country to any Charge) take care and give proper Directions

 Excellency who is the proper Judge will direct what may be
 thought fit therein

Sometime after the Declarant's Return over the Bay, said Garrett who the Declarant now verily believes to be Richard Clarke of this Province came to Potowmack Point with a Sloop; Brereton with him and two other men who came Passengers; and went over to Somerset County And then the said Garrett agreed with the Declarant to go Skipper of the Shallop to South River, to fetch his wife, gave him three Letters, one directed to M^r Joseph Hill, one other to Elizabeth Garrett, and the other to Wintersell's Wife, the Declarant came into South River the 29th March, sent Thomas Brereton with the Letter to whom

Garrett directed him for Advice and to take his Directions in all Things, On Sunday Morning said Hill and Brereton came on Board the Shallop where the Declarant gave the other two Letters to Hill or else Brereton carryed them with him, and Hill and Brereton on Horse Back went to M^{rs} Clark's or as Brereton has told him went to Captain Welsh's whither they sent for M^{rs} Clarke and she came to them. Brereton saw her and discoursed her and said she was a brisk talking woman. On Sunday Night Thomas Brereton came on Board and told him he must go to M^r Hill's whither he went on Monday Morning March 31st would have had Brereton gone to enter the Sloop, but Brereton told him, M^r Hill said he must come himself to the Collector; the Declarant went with M^r Hill to M^r Evan Jones who gave him the Permit produced. And M^r Hill lent the Declarant money to pay for it 2^s 6^d then M^r Hill bade him go up the River, saying you complain your Shallop is leaky, let that be your Excuse, if any come on Board, but who you are acquainted with. M^r Hill said he wished he had the Things on Board and the Shallop under Sail with a fair wind he would give twenty Pounds, told him when discoursed of Clearing there was no need of it; was at M^{rs} Clarke's House and helped down with a Cart Load of Goods, saw several Persons assisting. There was a Letter of Mark Sloop there and the Crew was afraid Thomas Barebatch and Wells intended to cut her loose and run away on privateering. Clarke got drunk with the Letter of Markmen and fought with two or three of them. The Privateer Brabatch was employed to get a Vessel off, that was drove on Shore by a Tempest Clarke directed Wells and Harrison to one Cap^t Smith in News River till he could come to them, hired this Shallop of Peter Cartwright and left his two negroes three Trunks and his Cloaths in Pawn until her Return persuaded the Declarant to come up again with him to Wiccocomoco to his Uncle Samuel Smith's, and took on Board the Shallop Thomas Wintersell and one James Cale a young Freeman and came up to Potowmack Point where Cale went over the Bay with the Declarant's

 shewed him the way to M^r Hill's where he lay that night and
 the next morning gave said Hill Clarke's Letter.

By the Governor and Council in Assembly April 11th 1707.

The House's Answer to the Council's Proposal by Col^o Holland and M^r Saunders was received here and upon mature Consideration this Board cannot omit acquainting you that we are sensible great Complaints have been made of that Part of the Law for proving Debts and particularly in a Cause M^r Somerset brought in the Provincial Court against John Brannock wherein the Chief Justice's Opinion was overruled by the Rest of his Brethren.

The securing the 40lb Tob^o p Poll as we proposed in Case it should happen to be in any particular Vestryman or Sheriff's Hands neither are any Vestryman obliged or ever do give Security to account therefor. And as to the Quakers contributing to the Charge of the Militia your Answer is very wide of the Recommendation which is that seeing the Quakers scruple bearing Arms in Person her Majesty thinks fit that they should be compelled to hire or otherwise supply such men who may be capable and fit to do their Duty in that and Service in that Station

And tho' the Board are not for having any Body's Person executed before Day in Court given to hear his Defence yet we are desirous to render every Branch in the Act for the better ordering and regulating the Militia as efficacious as may be. Therefore wish you award Execution against the Body of such Freemen upon their Default certified by two Field Officers provided such Fine exceeds not one hundred Pounds of Tobacco at one Time, and this will not be a greater Violence to Liberty than the Power given to Justices to hear and determine small Debts who may award Execution for 200 lb Tob^o against the Body

Signed p Order W Bladen Cl. Co.

Here follows the Report of the Committee desired

Maryland ss Monday March 31st 1707

At a select Committee appointed by the Honble House of Delegates to examine several Persons and Depositions relating to the late Disturbance of the Peace of this her Majesty's Government intended by Richard Clarke and his Accomplices held in the Stadt-House the Day and year above said

Where were present Col^o John Contee, M^r Robert Bradly M^r William Frisby, M^r John Waters, and M^r William Pearce, Committee

Who elect Col^o John Contee Chairmann and make Choice of Richard Dallam for their Clerk.

M^r William Bladen Clerk of her Majesty's Honble Council being sent for by the Committee appears and reads several Depositions and Declarations of several Persons the Purport whereof follows Viz,

William Stimpson declares that Daniel Wells of Ann Arundel County assisted Richard Clarke out of South River and after he was gone stayed in Company with a Fellow that termed himself a Privateer and drank at Christopher Smither's and M^{rs} Jane Burnell's in Annapolis where they asked Stimpson

to swear to be secret and that they would take a Shallop and go to North Carolina to Richard Clarke, who would be merry enough Wells said he could have forty Men go with him and that he could have several Families out of those Parts Wells said he had broke two of Clarke's Dollars and should be apprehended presently He said he had fifty good Dollars and that Stimpson should have Part if he would go with him Advised him to take his Master's Shallop told him where Clarke lived in North Carolina saying he had taken up six hundred Acres of Land and they would go to him and then Clarke would be up with his Friends in two Months they told him that if they would go with them he should be Second and the other Sailor Captain. Wells said Winter and Roper went away with Clarke That if they went to plunder a Town Clarke was to be Commander on Shore That Clarke would make Money enough and that they would have their Laps full and plunder the Spanish Towns and to that End would get a Vessel and Ammunition as soon as they could. Stimpson asked the Sailor his Name who replied he was nameless. Daniel Wells said That if Clarke came up to Annapolis, he would find as many Friends as any Body. Thomas Peacock declares That M^r Garrett's Servant, William Cooper proposed to him to run away and told him of Thomas Harvey, John Murphy, Richard Williams, John Keyton and Richard Hickcock who had agreed to do the like Richard Williams named two more. Peacock asked their Names, to which Cooper made Answer what signified it he should know when they came

The Time intended was Sunday the sixteenth of March Instant. They proposed to take M^r Bruff's Boat or any other Vessel.

John Keyton declares That Cooper asked him to go a Privateering down to the Whore Kills and said John Murphy and M^r Edwards Man had agreed to go with him on Sunday next That Murphy would get two Gallons of Rum for their Voyage understood that that they were going down to the Whore Kills in order to join Daniel Wells and others who they heard were there and a Privateer bound to the Spanish West Indies William Cooper told him that Stimpson lay at a House over the Bay where Clarke had lain some Time before who said he would bring a Vessel with Guns and blow up the Town and that the Privateer was an Artist. Richard Williams the Taylor upon his Examination denied every Thing but was confronted by the Oath of Thomas Harvey who declared that Richard Williams asked him to go a Privateering and told him one William Monmouth had acquainted him of a Privateer setting out and that they would go to Carolina.

I. H. J.

P. 151

L. H. J. William Pearson says that Cooper asked him to go with him to which he agreed and that he had got Provisions. That he went to the Water Side but not finding Cooper there he returned. John Murphy says That being much in Debt in fear of being arrested he had Thoughts of running away that he discoursed Cooper about it and that Stimpson was privy to their Intentions.

William Cooper declares that he had agreed to run away with Peacock, Afterwards Hickcock and Pearson agreed to go with them after that John Keyton who asked them if he and Stimpson designed to go a Privateering whereto he answered he knew not but if he would come to Town a Parcel of them had agreed to go together. Says Stimpson did not agree to go with them though he discoursed several Times
p. 152 about it That Peacock and Hickcock agreed to take Bruff's Boat, and if that were not sufficient to take M^r Jones Shallop and go to the Capes of North Carolina Says he saw Wells, Stimpson and the Privateer at Smither's That he went thither but was not suffered to come into their Company That Stimpson desired him to go Home and Stimpson stayed drinking with them all Night Says Richard Williams knew their Intent and discoursed several Times in the Old Field about it Stimpson told him that Clarke designed to be up in a little Time and blow up the Town and that he and the Privateer that carried off Wells would buy a Sloop and come and play some Prank here and then go to Privateering they would fit out of North Carolina Since Friday Morning he said he believed Daniel Wells was gone to Clarke says John Murphy was much indebted, designed to run away, sold some of his Goods, raised four or five Pounds, got Biscuit, Meat and two Gallons of Rum for the Voyage.

Then M^r William Bladen withdrew and M^r Levin Denwood was called in

Who solemnly declared that John Tunston brought in some Servants which he sold in Somerset County that they had Caballs together wherein they proposed and designed to run away with M^r Gale's Sloop and a Woman Servant belonging to Nehemiah Covington discovered it to her Mistress as also two other Servants of his That Philip Covington's Servant had been run away three weeks and concealed by them in a Loft and that they fetcht him from thence That they had a Design to go to the Southward, and that the Day he came from Home they were apprehend with Design to be carried before a Magistrate.

Then M^r Denwood withdrew and M^r George Gale called in who declared That he was informed by M^r Nehemiah Covington that Servants to the Number of nine whereof were six

Men one Lad and two Women were intended to run away with a Sloop belonging to the said Gale and to have carryed with them a Month's Provision What their Intentions was or where to go he knew not but there was in his Neighbourhood a Report that one Clark had coined Money and fled from Justice.

Then the Committee adjourned till to Morrow Morning Eight O'Clock

Tuesday April first 1707.

Committee met according to Adjournment and being all present Edward Taylor a Sailor was called in, who declared that about the latter End of February last he and M^r Jacob Lookerman Jun^r were going from Annapolis in a Shallop bound for South River and that two Men and a Boy in a small Boat pursued them out of Severn River until they came to the Mouth of South River and then coming up to the Shallop they hailed her and desired a Rope to be handed to them which M^r Lookerman denied and run to the Quarter Deck and caught up a small Hand Spike and demanded their Business to which they replied No Harm. Then requiring why they pursued the Shallop they pretended to get a Tow down the Bay the next Day going into West River they were informed that two Men and a Boy were run away and pursued by five others He says that the two Men were both well set one of them were long vizaged with brown streight Hair the other had a light Coloured Coat and light Hair.

That he believes he has seen one of them at Annapolis and that he has been informed that one of the Men came from Pennsylvania and had been a Privateer

M^r Charles Carroll says That Richard Clarke's wife sent her Son as the Son told the said Carroll to buy some Cloathing Bedding and other Particulars Things out of his Store and he demanding of the young Man whether he brought Money replied he had, whereupon he delivered him such Things as he had desired to the Value of about three Pounds: Upon the producing the Money the said Carroll found it not good but told the Lad he would keep it until he saw Richard Clarke's wife to acquaint her therewith. In some small Time after Clarke's Wife coming to the said Carroll's store and dealing with his Storekeeper to the Value of between four and five Pounds the Storekeeper upon Tender of the Money refused to take it until he had shewed the same to the said Carroll who upon View thereof found it was a base Coin such as commonly goes about the Country here and breaks in letting them drop being some Dollars some Pieces of Eight both of

L. H. J. one Metal Whereupon the said Carroll returned the Money to the said Clarke's wife and kept the Goods until she had changed the Money received of her Son and brought good Money for what She had bought herself but for Certainty of Time refers to his Shop Books.

Mr Amos Garrett says that being informed that his Servant William Cooper designed to run away with six Persons more he took Care to secure his Shallop and the said Cooper and that another Servant of his called Stimpson being Confederate with one Daniel Wells and a Sailor he took Care to inform his Excellency the Governor of it who committed the said Stimpson to Prison where he lyes That the said Stimpson has confessed he was privy to the Intentions of Wells the Sailor or Privateer and others running away and pretended he could give an Account thereof.

John Duvall says That he was informed that Captain Silvester Welsh had sold about three Pounds of the Country's Powder to Daniel Wells That he has lost his Boat and that he suspects Clarke, Winters and one Harrison stole her and carried two Negroes with them That Wells followed Clarke, and in Pursuit was within a Day's Journey of him as he has been informed.

P. 154 Elizabeth Finely says that Silvester Welsh sent by his Negro three Pounds of the Country Powder to Wells and that Wells opened it and took some of it in his Hands and said 'tis Country Powder and that Wells paid Welsh therefor by his Servants Work in weaving some Cloth for Welsh.

April 3^d 1707.

This Committee having fully heard and considered the aforegoing Declarations do humbly report to the House That they find there was a Design framed by Richard Clarke Daniel Wells and a certain Person who termed himself a Sailor to take some Vessel and get what Assistance they could in Order to disturb her Majesty's Peace and Government here to make an Attempt upon the Town of Annapolis and burn some Houses there and whilst that Consternation continued to seize the Magazine and Powder House to furnish themselves with Arms and Ammunition in Order to go a Privateering That they had so far prosecuted their Design as to gain several Housekeepers of desperate Fortunes and other disaffected Persons to their Party and that Clarke by his Prodigality in disbursing and spreading about the Counterfeit Money had so insinuated himself into the Minds of several Servants belonging to Persons in and near the Town of Annapolis and elsewhere to join with them in their Cursed and wicked Design

and Intent. That they had Cabals together especially at Annapolis where a Time for their going was perfix'd to be some Time in March last. That they had agreed to take M^r Bruff's Boat and if that not Sufficient M^r Evan Jones's Shallop or any other Vessel fit for their Turn and as soon as they had done their Mischeif here go to Carolina That Clarke was assisted out of South River by Wells and him called the Sailor who afterward came to Annapolis to prepare the others but Wells having broke some of Clark's Money was in Fear of being apprehended Whereupon he, the Sailor and Stimpson had a Meeting at the House of Smithers in Annapolis and then Wells and the Sailor went off in a Boat and pursued a Shallop wherein was M^r Jacob Lookerman Jun^r and one Edward Taylor bound for South River but not gaining their Intent made their way down the Bay and came within a Day's Journey of Clark Sometime after several of them were apprehended in Annapolis and committed to Prison, to wit, Stimpson, Cooper, Williams, Peacock and Keyton, where they now lye by his Excellency's Order (who we think deserves the utmost Thanks of the House for his Care therein) for had this cursed and villainous Design taken Effect we and our Posterity might have been ruined by the burning of the Records which we are of Opinion was the chief Intent and Design of those Villainies. As to those Persons that were running away with M^r Gale's Sloop at the Eastern Shore we are of Opinion 'twas to the same Intent of the others.

As to the Money we conceive Clark was the Maker and it's plain his wife the Disburser thereof to M^r Carroll. p. 155

As to Silvester Welsh his selling the Country Powder it's very plain by the Declaration of John Duvall and Elizabeth Finely that three Pounds of Country Powder was sold by Welsh to Wells; and it is the Opinion of this Committee that the several Persons now in Prison and concerned in the same Design and Conspiracy be prosecuted at the Common Law and that the House give Order to her Majesty's Attorney General to proceed accordingly.

All which is humbly submitted to the House for their Consideration therein

Signed p Order Rich^d Dallam Cl. Com.

Thursday April 3^d 1707.

The Committee met again by Order of the House and upon Examination of Major Josiah Wilson and the Depositions of M^r George Harris and Elizabeth Finely taken before her Majesty's Honble [Council] are of Opinion That Williant Stimpson was one of the chief Actors in the intended Design of Clarke

L. H. J. and his Accomplices against her Majesty's Government. Also that Wells and the Privateer followeb Clarke came to Long Island in the Bay where Clarke had been the Day before and enquired after him That they were in a small Boat well armed That Wells carried Powder and Shot with him from Home pretended they were in Pursuit of Clarke by Order of Major Wilson That Clarke pretended himself a Merchant going to settle in News River in Carolina said many People of Maryland were following him and used many Arguments to persuade to Inhabitants about the Islands to go with him.

Signed p Order Rich^d Dallam Cl. Com.

The foregoing Report of the Committee was brought into the House of Delegates on April the 4th 1707 and being there read and considered of it's resolved the House concur therewith, and that humble Thanks be given his Excellency &^{ta}

 this Province to hope I shall never see that day therefore let
 me advise you Gentlemen who are elected to serve your

I am acquainted that you Gentlemen of the House of Delegates have in an Extrajudicial Way taken upon you to construe her most Sacred Majestys Royal Commission to me to be your Governor here contrary to the express Tenor thereof of which p. 975 you might in good manners have allowed me to be A Competent Judge having worn it so many years I cannot but look upon this Action to proceed from an ill grounded heat and Rashness not at all becoming the Station you fill and since no one pretends to control your debates and Resolves concerning the Election of your Members It had been much more discretion in you to have wholly proceeded thereon then after the unwarrantable manner you have expell'd the members whose commission for sitting in your house is derived from the same fountain of Authority which admits you thereto

M^r Speaker

I cannot but look on this Aukward Step as Derogatory to her Sacred Majestys Royal prerogative and therefore that the charge to the poor Country of an unprofitable Session may not lye at my Door you have this one more added to the many favourable concessions I have already made that I wish you to repair to your House and there seriously reflect on what you have done

In answer to your Excellencys Speech to the House this day in relation to the Charter which your Excellency was pleased to grant to the Citizens of Annapolis this House hath taken into Consideration what we have done upon Complaint of Several of the Freeholders and Inhabitants of Annapolis who conceived themselves under some hardships by the said Charter lately

U. H. J. made by your Excellency to some Gentlemen to Incorporate them into a Body politick or Fraternity by the name of Mayor Recorder Alderman and Common Council of the said City this House being in Concurrence with your Excellency and the Honourable Council the proper center to which all Aggrieved may apply themselves for Redress doth humbly Conceive that the Charter granted doth deprive some of her Majestys Subjects of the Rights and priviledges which the Laws of England and this province undoubtedly entitles them to as Freemen as particularly their Voting for Delegates or Representatives in the General Assembly and makes them liable to be sued for small debts which the Laws of this province impower any Single Justice to hear and determine and takes from the publick those Lands and Buildings they have purchased and erected and other Priviledges We do humbly beg Leave to shew that it is not out of any disrespect to your Excellency or any desire to lessen the prerogative of the Crown or the power that her Majesty has invested your Excellency with but Observing it not to be plainly exprest in your Excellencys Commission we Conceive it to be our duty on behalf of those we represent to beg leave that your Excellency will have so much Regard to the opinion of this House as to leave the Granting of Charters undetermined till her Majestys pleasure therein be further known and when your Excellency shall have it more plainly exprest We shall readily concur with the granting of a charter provided all the Inhabitants and Freeholders of Annapolis request the same and have their equal priviledges in choosing their representatives and all other priviledges which by the Laws of England are intituled to and that the priviledges granted be according to the Laws of England and this province and that the publick Lands and Buildings may not be infringed but Secured to the uses for which they were purchased and Erected and in the mean time doubt not to make your Excellency sensible that we are with the greatest humility and respect

Gentlemen

I having received her Majestys Instructions to lay several matters before you in Order thereto and that the publick Levy might be laid & several Good and Beneficial Laws continued by the Advice of her Majestys honble Council I ordered Writts of Election to issue for choosing Representatives or Delegates from the several Counties and Citys to meet me here on the 27th past In hopes of your ready concurrence with what her Majesty had so reasonably recommended to you but to our great Sorrow find you have refused all and proceeded after so unwarrantable and Unparliamentary a manner that you have laid us under such circumstances we know not how to Retrieve you were We never so willing unless we should leave such Presidents to Posterity that would not only be prejudicial to her Majestys Prerogative but the priviledges of her Subjects and to the ill Example of all future Assemblys, for on your first meeting without qualifying your selves according to her Majestys directions in my Commission exprest that is to say taking the several Oaths you are hereby enjoyned before any of you can be qualified to sit in the House of Delegates you proceeded to choose a Speaker Debate Priviledges make Votes Reject a Clerk, legally commissioned and make an Adjournment without any, Wherefore since there is no Retrieving this Misfortune your heats have run you into I take the Assembly to be discontinued and with the Advice of her Majestys Council do dissolve you and you are dissolved

I will take care the County shall have timely Notice to elect new Delegates to serve them

PROCEEDINGS
OF THE
GENERAL ASSEMBLY
OF MARYLAND.

At a Session held at Annapolis, Sept. 27 to Oct. 4, 1708.

CHARLES CALVERT, LORD BALTIMORE,

Proprietary.

JOHN SEYMOUR,

Governor.

THE LOWER HOUSE OF ASSEMBLY.

Maryland scet

L. H. J.
P. 317

At a Session of Assembly begun and held at the City of Annapolis in Ann Arundel County on Monday the 27th Day of September in the seventh Year of the Reign of our Sovereign Lady Ann Queen of Great Britain, France and Ireland and the Dominions and Territories thereunto belonging by Virtue of her Majesty's Writs of Election directed to the several and respective Sheriffs of the several Counties, requiring them to summon and call together the Freeholders and Inhabitants of each County and to elect and choose four Deputies and Delegates to serve as Representatives for their several Counties and to the Mayor Recorder and Alderman of the City of Annapolis and S^t Mary's to elect and choose two Citizens to serve for each City in this present General Assembly Which said Writs bear Date 16th Day of August last past returnable to this Day At which Time were assembled in the Stadt House several Members who having acquainted his Excellency the Gov^r of their Meeting, were by him sent for to the Council Chamber, whereupon they withdrew and his Excellency commands them to make Return to their House and make Choice of their Speaker and present him. Whereupon they returned and elected and chose Col^o Thomas Smithson to be their Speaker and place him in the Chair and then go and present him accordingly to his Excellency for his Approbation who acquaints them that he approves of their Choice and willed him to take upon him the same; then M^r Speaker on Behalf of the House desired his Excellency that the Liberties and Privileges of the House might be ratified and allowed by his Excellency and that he may have free Access to his Excellency's Person on all Occasions requiring the same.

Which his Excellency was pleased to assure 'em of for which M^r Speaker in the Name of the whole House returned his Excellency their hearty Thanks.

After which his Excellency was pleased to signify to the House the Reason of their being now called together by bespeaking them as followeth

M^r Speaker and you Gentlemen Delegates,

I cannot believe but every Person here present is well satisfied, my Consideration of the many severe Difficulties the poor Province labours under was the only true Reason I did not call an Assembly sooner being desirous to demonstrate to you

L. H. J. Gentlemen and our Friends in Europe I have endeavoured to be as careful a Steward of the Country's Money as I have been on all Occasions assiduous to approve myself an honest Governor and a real well wishing Promoter of your Interest nor did I design to trouble you till the Spring purely on that Account had not her Sacred Majesty's Commands lately directed me to lay several Things before you Give me Leave Gentlemen therefore to rank them distinctly for your more serious mature Consideration not doubting but with loyal honest Hearts you will handsomely digest and comply with the just Commands of our Gracious Sovereign the best of Queens and hope you will have such an awful Regard to the Lawful Authority of our Monarch thoroughly to weigh what may be the Consequences of your Disobedience or trifling with her Majesty's Royal Commands.

Gentl. Our great Patern the Parliament of Britain to their eternal Honour have denied her nothing to make the Country we depend on great and her Majesty's Reign the most Glorious of all other Monarchs; and shall we a poor handful of her remotest Subjects dispute or boggle at what her Majesty thinks reasonable & wisely judges to be for your own Good as well as the Service of the Crown?

p. 318 M^r Speaker, I have so just a Regard to the Welfare and Reputation of this Province to hope I shall never see that Day; therefore let me advise you Gentlemen, who are elected to serve your Country, as you have now always endeavoured to preserve her gracious Majesty's favor and do not be led away by the cunning Insinuations of designing wicked Men to incur the frowns of our indulgent Sovereign, since 'tis evident the Practice and Principles of such Empiricks in Government will soon ruin your Constitution and consummate the Poverty of this already poor languishing Province

Gentl. I must acquaint you her Majesty has been pleased to disapprove of two Laws lately made here Viz. that against Masters cropping Tobacco on board their Ships and the other about the Gauge of your Tobacco Hogsheads and her Majesty commands me to tell you 'tis her Royal Pleasure that we in this Province conform to the Size of those in Virginia and recommends a new Law to be made for that Purpose

Her Majesty thinks Sir Thomas Lawrence was hardly used by the late Assembly who made a Law to cut off the Benefits of the Ordinary Licenses from his Office which the late Attorney General S^r Simon Harcourt judges to be the lawful Perquisites of her Majesty's Secretary here. M^r Speaker shall have the said Attorney General's Report and her Majestys Order thereon who is graciously pleased to recommend a Law to you Gentl. that the Ordinary Licenses may be appropriated

to the Office of her Majesty's Secretary of Maryland for a ^{L. H. J.} longer Duration of Time than three Years; and shall likewise shew you the Order which the Right Honble the Lords Commissioners of Trade &^a sent me about this very Complaint which plainly shews her Majesty earnestly recommends this Bill to your Consideration, by which you will easily guess what ill Consequences may follow your Refusal; therefore hope you will be so prudent to shew your ready Compliance herein.

M^r Speaker. I have repeated Instructions about the four Justices who are appointed to hold the Provincial Courts and Annually go their Circuits twice and am commanded to let her Majesty have speedy Notice what Provision the Country has made to make them the better to go through the Fatigues of their constant Attendance on that Duty. Let your Concurrence therefore be hearty and cheerful while it's in your Power and banish all flattering Whispers which advise you to swallow such a pernicious Notion that you Gentl. here assembled are wiser than the vast Crowds of her other great Dominions, who unanimously with open loyal Hearts run to obey and serve her Sacred Majesty the Queen.

Her Majesty seems concerned the last Assembly threw out the Bill for punishing those that at any Time should raise or disperse false News during this War and am commanded to offer it anew to you Gentlemen Delegates, nor can I believe any reasonable well meaning Man to the Government will ever be against it

Gentl. There is an Arrear due to the poor Men employed to secure your Magazine during your late Disturbances and as it was my very great Concern to preserve the Peace of the Country, Im sure it's your Part to see those paid and rewarded who were so ready and vigilant to serve the Public.

Gentl. It's high Time to look into the many Immoralities of this unhappy deluded Country, where Drunkenness, Adultery, Sabbath breaking and Forgery are a Jest, murder stifled and the Malefactors glory in it Treasons thought a Trifle and the Abettors caressed; Magistrates grow careless and the Offenders impudent till these Things are in some Measure amended by your Prudence and Example I have but slender Hopes your Debates can be successful. But as we are all willing to be called Christians let us in our several Stations act like Men who deserve that noble excellent Character that the Heathens round about us may not continue to mock at our Hipocrisy and despise at our Religion and let that Magistrate be stigmatized with Infamy whoever connives at or countenances any Sort of Knavery or Atheism

Gentl. Whenever you'll heartily and sincerely endeavour ^{p. 319} to bring this great good Work about I should never despond

L. H. J. but by God's Blessing to see the Country improve and flourish & then the rest of our fellow Subjects every where (to your lasting Glory and Reputation) would be justly convinced that the People in Maryland truly serve God, and with a Loyal, dutiful Regard honour our Lawful and rightful Sovereign the Queen

After which M^r Speaker and the rest of the Members took Leave of his Excellency and returned to the House and M^r Speaker took the Chair.

The House adjourned till to Morrow Morning Eight O'Clock

Tuesday September 28th 1708

The House met according to Adjournment

And that if any Master Mate or Person belonging to any Ship or Vessel shall crop, squeeze or deface any Tobacco Shipped on freight the Master forfeit and pay five hundred Pounds of Tobacco for each Cask so stripped squeezed or defaced; and that in Case any Hogsheads exceeding the same Gauge shall happen to be taken on Board by any Master undiscovered at the Time of taking the same, it may be lawful or such Master to put such Tobacco on Shore, there to lie at the Risque of the Owners thereof

Captain Jones brought into the House the Petition of Henry Roberts

M^r Speaker brings into the House the Address to her Majesty Which the House approves and ordered to be entered as follows

The humble Address of the Delegates and Representatives of the several and respective Counties of the Province of Maryland now sitting in a General Assembly Sheweth to your Majesty.

That his Excellency, John Seymour Esquire our present Governor hath given us to understand your Majestys Dissasent to two Bills one about the Gauge of Tobacco Hogsheads and the other against the Cropping and defacing Tobacco which we believe your Majesty would not have denied your Royal Assent if any had appeared for us to have made your Majesty sensible of the Reasonableness of the said Bills. And first we humbly beg Leave to lay before your Majesty the true State of the Trade of this Province as it is at present and hath been [in] the late Wars and this. And so it is that the Merchants living at London, most usually during the Wars, adventure on their own Account little or nothing, most great Ships being either owned or hired by them bring not one Penny worth of Goods to barter or purchase Tobacco but come only on ffreight to which they have great Encouragement by their Artifices in raising it to an extravagant Height. But the Tobacco that loads and employs so many large and defensible Ships pays such vast Sums to your Majesty's Coffers and purchases such abundance of the Goods and Manufactures of Great Britain is the proper Tobacco of the Planters Merchants and Inhabitants of this Province and at their proper Risque and Hazard sent to London and the Duties thereof in great Measure paid with the proper Monies of such as are pretty well aforehand and can leave Money in London Merchants Hands who act as our Agents and ffactors and thereby with little or no Hazard most certainly gather vast Wealth and Estates by their Commission

and other Perquisites which they make to themselves by ways L. H. J.
hardly justifiable and by laying Obligations on the Masters of such Ships to take no Tobacco on freight but from such who will consign to the Employers of such Masters especially when they have so much Advantage by Plenty of freighters as to force it thereby engrossing all the Consignments they can to themselves and frustrating the publick and general Advantage which Shipping ought to be to the Nation. Hence we presume it comes to pass they have made this Scruple about the Size of the Hogsheads of this Province exceeding that of Virginia; we have enquired into their Gauge and find ours now used exceeds but two Inches in Diameter of the Head being equal in length: For justifying our Size we humbly offer this this Reason to your Majesty that the Tobacco generally made in Virginia is a more substantial thick Waxy Leaf and of Consequence weighs heavier and contains greater Number of Pounds in one Hogshhead of their Size and their Tobacco then in one of our Size filled with our Tobacco which is more light and Chaffey in so much that they as we compute ordinarily get three thousand two hundred Pounds of Tobacco carried home as cheap as we get 2200 which one Reason being taken into your Majesty's Royal Consideration we hope will induce your Majesty to suffer us to hold the same Gauge which is so trivial a Damage to the Stowage of Ships that we wonder any should trouble your Majesty with it. But if any through Greediness make their Hogshd of unreasonable Length (which indeed is more likely to be of Prejudice in Stowage) we are willing either to subject them to greater Penalty or the Commanders of Ships may make them pay an higher freight proportionable or refuse to take or agree for the freight of them.

Now Dread Sovereign having as we think truly stated the Case of the Trade of this Province your Majesty will discern who bear the Burthen and consider that we cannot but justly complain when we see our Hogsheads cropped and defaced and the Tobacco by great Parcels taken out of the Cask which should defend it and thrown into Holes and Corners and most abominably detrimented in Quality so liable to Plunder and Pillage and other Damage too many to particularize to your Maty whereby it comes to pass to our too certain Experience that our Tobacco comes very light Home and being consigned to the Owners of the Ship by the Artifices aforesaid by whom such Damage ought to be repaired and the Owner himself tho' against that Damage should demand it we go altogether without Redress being so far from the Spot and Scene where such Abuses are acted this puts us upon making the Bill against Cropping which yet proves but of small Effect to restrain it.

L. H. J. But we hope we have hereby shown Reason to incline your Majesty not only to favour this Bill but any other that may be devised to secure our Goods from such Rapine and Plunder and in a special Manner to extend your Royal Favour to support us which favour we stand in need of above all your Subjects because we think we are the most imposed upon by the Owners and Hirers of Ships and the least able to help ourselves.

P. 330 It is further taken Notice of that we have dropt an Act against the Divulgers of false News, which was of a very large Extent and by Experience found to be rather hurtful by becoming a Snare to simple, ignorant and unwary People and abused by malicious Informers to that Purpose then applied to the Punishment of malicious ill disposed People, so that it has been a good while ago let fall by former Assemblies and thought not fit to be renewed since there is other good Laws to bring them to Punishment who shall any Ways maliciously promulge any Thing done in Derogation of y^r Matys Hon^r which shall be always dear to y^r Maty's mo. Dutiful

Ordered That the Committee of Laws cause the same to be fairly written

bers that were sent to sit among them for the City of Annapo-

The House being returned M^r Speaker took the Chair and the House proceeded to take the same into their Consideration and being debated. Resolved the following Message be sent to his Excellency Viz.

By the House of Delegates October 4th 1708

In Answer to your Excellency's Speech to the House this Day in Relation to the Charter which your Excellency was pleased to grant to the Citizens of Annapolis this House have taken into Consideration what we have done upon Complaint of several of the Freeholders and Inhabitants of Annapolis who conceive themselves under some Hardships by the said Charter lately granted by your Excellency to some Gentlemen to incorporate them into a Body Politick or Fraternity by the Name of Mayor Recorder Aldermen and Common Council of the said City this House being in Concurrence with your Excellency and the Honble Council the proper Center to which all aggrieved may apply themselves for Redress doth humbly conceive that the Charter granted doth deprive some of her Majesty's Subjects of the Rights and Privileges which the Laws of England and this Province undoubtedly entitles them to as Freemen as particularly their voting for Delegates or Representatives in the General Assembly and make them liable to be sued for small Debts which the Laws of this Province impowers any single Justice to hear and determine, and taken from the Public those Lands & Buildings they purchased and erected and other Privileges.

p. 333 We do humbly beg Leave to shew that it's not out of any Disrespect to your Excellency or any Desire to lessen the Prerogative of the Crown or the Powers her Majesty has invested y^r Excellency with, but observing it is not to be plainly exprest is your Excellency's Commission we conceive it to be our Duty (on Behalf of those we represent) to beg Leave that your Excellency will have so much Regard to the Opinion of this House as to leave the granting of Charters undetermined until her Majesty's Pleasure therein be further known, and when your Excellency shall have it more plainly exprest we shall readily concur with granting of a Charter provided all the Inhabitants and freeholders of Annapolis request the same and have their equal Privileges in choosing their Representatives and all other Privileges which by the Laws they are entitled to; and that the Privileges granted be according to the Laws of England and this Province and that the publick Lands

& Buildings may not be infringed but secured to the Uses for I. H. J. which they were purchased and erected and in the mean Time we doubt to make your Excellency sensible that we are with the greatest Humility and Respts. y^r Excys Mo. Hble and most Obed^t Serv^{ts}.

Signed p Order Rich^d Dallam Cl. Ho. Del.

Present

The honble {	His Excell the Governour	{ Col ^o Tho ^s Greenfield and Philip Lynes Esq ^r
	Maj ^r Gen ^l Edward Lloyd	
	Col W ^m Holland	
	Samuel Young Esq ^r	

This being the day appointed for the meeting of the General Assembly the Several members of the Council having taken the Oaths required by Law and Subscribed the declaration & Test. P. 554

His Excell was pleased to Communicate to them what he intended to say to the Delegates on their first meetin which was unanimously approved of

M^r Wornell Hunt & M^r Robert Bradley from the House of Delegates came & acquainted his Excell the greater Number of their Members were met & waited his Excell's Commands.

His Excell was pleased to command them up to the Council Chamber accordingly they came & attended his Excell in Council Who was pleased to tell them that as the late Season of the year admitted no delays in the Country Business which might be very prejudicial as well as chargeable he therefore bad them go and choose their Speaker whereupon they departed to their House

And the Delegates having again Come up and presented M^r Bradley their Speaker he disabled himself & desired his Excell to order them to make choice of some other more fitting person but his Excell. was pleased to tell him that he very well approved of the Houses Choice & would not admitt of his Excuse

U. H. J. After which M^r Speaker on behalf of the house of Delegates desired that if any mistake or misapprehensions should happen His Excell would attribute it to his Imperfection rather than the houses and give him the Liberty of free Recourse to his Person which his Excell. was pleased to do and then bespake them as follows Viz.

P. 555 M^r Speaker and you Gent. Delegates

It has been demonstrable to all unbyassed Persons that I never promoted any Separate Interest from yours, since my administration and with an honest open heart I here solemnly Assure you her sacred Majesty's Service and the true Welfare of this Province has been my only Ambition since I had the honour to be Constituted Governour of Maryland

And if some sower ill natured Incendiaries had not lately used their utmost malicious Insinuations to disturb & debauch her Majesty's other well meaning Subjects (who came well prepared & honestly inclined to serve their Queen & Country) there had been no Occasion for Convening an Assembly so late in the year

Therefore let me Enjoyn you to lay aside all animosities unnecessary heats & private piques that with calmness you may truly Consider the publick Interest with some regard to the Character her Majesty has given me being ready to concur with you in what Laws our Sovereign has with great Tenderness recommended; & others which you may think proper to be presented this Session, for as I am heartily willing to serve the Province to my utmost I'll never give you reason to believe I will ever be a Victim to the restless antimonarchical Spirit of an ungovernable Faction but as I have always Studied Loyalty to God Almighty's Vice Gerent on Earth with all Sincerity & Friendship I would gladly inculcate that honorable principle into the minds of Every Gentleman here present. M^r Speaker what I have further to offer unto you at this Time is what I

P. 556 have recommended to the late Convention viz.

That her Majesty has been pleased to disapprove of two Laws lately made here the one against masters cropping Tob^{os} on board their Ships and the other about the Gauge of Tob: Hhds and Commands me to tell you it is her royal Pleasure we in this Province Conform to the Size of those in Virginia and recommends a new Law to be made for that Purpose

Gentlemen

Her Majesty thinks S^r Tho^s Lawrence hardly used in respect of the ordinary Licences which her late Attorney General has reported to belong to his Office of Secretary. M^r Speaker

shall have that report & her Majesty's order thereon & what U. H. J. orders I have received from the Right honorable the Lords Comm^{rs} of Trade &c on S^r Thos^s Complaint whereby you will perceive how earnestly her Majesty recommends a Law to appropriate the fines of those Licences to his Office for a longer duration of Time than three years therefore hope you will be so prudent to shew your ready Compliance therein

M^r Speaker & you Gent. Delegates

I have repeated Instructions about the four Justices who are appointed to hold the provincial Courts and annually go their Circuits twice & am Commanded to let her Majesty have Speedy notice what provision the Country has made to Enable them the better to go through the Fatigues of their Constant Attendances on that Duty Let your Concurrence therefore be p. 557 hearty and cheerful while It is in your Power, and banish all flattering whispers which advise you to Swallow such a pernicious notion that you Gentlemen here assembled are wiser than the vast Crowds of the other great Dominions — who with open loyal hearts run to Serve & obey her sacred Majesty who seems Concerned the late Assembly threw out the Bill for punishing those that should raise or disperse false news in this Critical Time of War & danger and am Commanded to offer it anew to you Gentlemen the present Delegates nor can I believe any reasonable well meaning man to the Governm^t will ever be against it

Gentlemen

There is an Arrear due to the poor men Employed to secure your Magazine & Arms during our late Disturbance for as it was my very great Concern to preserve the Peace of the Country I am sure It is your part to see those paid & Rewarded who were so ready and Vigilant to serve the publick

And now Gent. Give me leave to tell you It is high Time for you that represent the whole Province to look into the many immoralities of this poor deluded Country where Drunkenness Adultery Sabbath breaking and Perjury are a Jest, Horrid Murders Stifled and the Malefactors glory in it Treasons made a Trifle & the Abettors caressed Magistrates grow careless and the offenders impudent, some being made believe by many seducers a short Confession here can absolve them from any future Account 'till these Things are in some measures amended by your Prudence and Example

I have but Slender hopes your Debates can be succesful p. 558 but as we are all willing to be called Christians and good

U. H. J. Subjects let us in our Several Stations act like men of that noble Excellent Character; And let that Magistrate be Stigmatized with Infamy who ever Connives at or Countenances any Sort of Knavery, Atheism or disloyalty and when ever you will heartily and Sincerely Endeavour to bring this great work about I should by the blessing of God Gentlemen never doubt of seeing the Country flourish & improve, for then the Heathens round about us would never mock at our Religion as Hypocrisy and the rest of the World will see know and be Convinced; to your lasting Glory that the People of Maryland truly Serve God and with a dutiful Regard Honour our lawful and rightful Sovereign the Queen

And then M^r Speaker and the Delegates took leave and returned to their House

The honble Col Holland M^r Young Col Greenfield & M^r Lynes being impowered by a Special Dedimus potestatem under the great Seale were sent by his Excell to administer the Oaths to the Members of the Lower House and see them sign the Test &c.

Who after some time return & say they administred the Oaths to thirty four of their members and saw them Sign the declaration for Extinguishing the hopes of the pretended Prince of Wales & sign the Test

P. 559 Major General Lloyd & Col Coursey took the Oaths required by Law and Signed the Declaration & Test

That what he has been pleased to do in favour of this Place being the Seat of Governm^t was with a true regard to the Interest & honour of the Province. To his Excell the Govern^r the honble Council and House of Delegates

By the Conferees appointed for Enquiring into the Charter of the City of Annapolis and the Libertys & Privileges thereby granted held at the house of Major John Freeman.

December the 2^d 1708.

The Conferees being met pursuant to the Message from his Excell & Council proceed to Examine the Matters contained in the Charter and on Debate thereof It is humbly Conceived as the best Expedient to prevent further disputes on that Sub-

ject for it to be Established and Confirmed by an Act of Assembly for that purpose to be made allowing the said Citizens &c the Liberty & Priviledges given and mentioned in the s^d Charter so far as it may no Ways infringe the Liberty & Priviledges of the publick either in regard to publick Land or Buildings by them heretofore purchased and to which they are lawfully and rightfully entituled and desire the same may be reserved & Continued for the Ends & Purposes they were purchased & designed & have heretofore been held & Enjoyed & not otherwise and that the Justices & Commissioners of Ann Arundel County may Continue their Courts in the Stadt House as usual

It is likewise further reported and desired by the Conferees That a Clause be inserted in such Law to be made that the Representatives for the s^d City have half the usual Allowance of the Delegates of each County & no more

As to that Part of the Charter relating to the Recorder this Conference humbly Conceive the Person appointed thereupon a Recorder is not qualified by Law for that office in Regard he is Exempted by Law as not having been a Resident here for three years

It is likewise proposed that the Justices of the County Courts &c may Enjoy and Continue their usual Libertys of Executing their offices of Justices of Peace within the said City of Annapolis in as full & ample manner as heretofore.

And that all By Laws that hereafter shall be made by the Mayor Recorder and Aldermen &c be not otherwise binding to Any other the Inhabitants of the Province Save only in relation to the Citizens of Annapolis

As to that part of the Charter relating to the Toll these Conferees think the Toll too unreasonable and Excessive; For It is Considered if two thous^d pds be imported here that Extravagant Toll there mentioned may amount to one hund^d pds And It is thought more for the Benefit of the City if there be no Toll mentioned

All which is humbly offered & recommended to your Excell Council & House of Delegates

Signed p order Tho^s Jones Cl Conference

Gentlemen

Pursuant to your Request his Excell has ordered a Calculation to be made of the Charges of the late Provincial Court which is as followeth Viz.

To 13 Prov ^l Justices at 140 lb Tobo p diem 24 days being two Courts in a year	}	lb tob ^o

To 6 Boats for the Eastern Shoar Justices two Courts	}	8400

p 570 And in as much as the new method of holding the Provincial Courts and the Judges going the Circuits is known to be of Great Ease & Advantage to her Majesty's Subjects in this Province as well Suitors as Jurors and Evidences It is thought twenty five thous^d pounds of Tob^o will be an handsome Support for each Judge to undertake the Service as well as discharge his Expences thereon And his Excell being willing while he Stays to allow toward it 5000 lb tob^o annually out of his Fees of the Great Seal besides the unnecessary Charge to the Sherriffs for publick Packetts of 11500 lb tob^o p annum, and the yearly Rent of an Arms House which may be saved by their being better secured in one of the Court House Upper Roomes at two thous^d pds. tob^o p Annum and the Charge of Ferriages on the Western Shoar for the Justices and their Servants will be more than Sufficient

Col Lowe and seven other members of the House bring up the Report of the last Conference with the House's Endorsement which is as followeth Viz^t

At a Conference appointed by the hon:ble House of Delegates for taking into Consideration the Subject of Sr Tho^s Lawrences Complaints touching ordinary Licences masters of Ships cropping Tob^o Gauge of Tob^o Hh:ds and Divulgers of false news held at the House of Major John Freeman in the City of Annapolis

December 3^d 1708

Present of her Majesty's honble Council

The hon:ble	}	Col Nich ^t Lowe	}	M ^r Solomon Wright
		Maj ^r George Gale		M ^r Nathan ^l Dare
		M ^r Robert Tyler		and
		M ^r Robert Skinner		M ^r John Salter

The Conferees first proceed to take into Consideration her Majesty's recommendation that the Gauge of Tob^o Hhds in this Province should be the same with those of Virginia

In reference to which the Conferees are in Consideration thereof unanimously agreed that her Majesty may be addressed that our former Gauge may be continued for that the Tob^o in Virginia being thick & waxy they can pack thereon 400 pds Tob^o in Cask of their Size more than we can in Cask of our Size our Tob^o being thin & Chaffy and that till her Majestys Pleasure be known therein our Gauge be 48 Inches the length of the Stave & the Diameter of the heading be thirty Inches not exceeding thirty two Inches and that a Forfeiture of five hund^d pounds of Tob^o for each Cask Exceeding the Gauge be imposed on every Person or Cooper making or Setting up any other Cask. And that if any master mate or Person belonging to any Ship or Vessel shall crop squeeze or deface any Tob^o Shipped on freight The master forfeit & pay five hund^d pds of Tob^o for every Hhd so cropt squeezed or defaced And in Case any Hhd exceeding the s^d Gauge shall happen to be taken on board by any master undiscovered at the Time of taking the same It shall be lawful for such masters to put such tob^o on Shoar there to lye at the owners risque

As to that part of his Excell^s Speech relating to Divulgers of false news &c

P. 57²

It is likewise unanimously agreed by the Conferees that the Justices of the several Countys have Authority to bind such Persons over to their next Courts who have power to punish them as Disturbers of the Peace and that they cannot find any way to make a Law to restrain such Reports but what will Expose Innocent Persons to the malice of Informers

And as to that part of his Excell^s Speech in relation to S^r Tho^s Lawrences Complaints touching Ordinary Licences

It is the opinion of the Conferees that S^r Tho^s Lawrence has no right to the fine on ordinary Licences that a full answer be drawn to his Complaint and sent to her Majesty for her better Information & that it be therein mentioned that the fees of the Secretarys Office are vastly Increased of Late through the multitude of Business therein and that by means of the late war the product of this Province is become of little value that the ordinary Licence mony be continued to her Majesty as an

trye or determine to give Judgemen^t in any Action for any greater
Sum than ten thousand pounds of Tob^o or fifty pounds sterl^t
is the Cause of many Actions being brought in the Provincial

mination for Plaintiff & Def^t's Advantage. Therefore humbly
desire your Excell to issue new Commissions to the Several

The s^d Bill & Endorsement being read & Considered the following answer was sent to the House of Delegates Viz.

By the Council in Assembly Dec^r 10th 1708.

The Bill for reviving several temporary Laws being read at the Board it is observed that the Act for Encouragement of Tillage and Relief of Debtors is omitted and we taking that Act to be very advantageous to many of her Majesty's poor Subjects who often fall under unfortunate Circumstances desire it may be revived

And whereas her Majesty's royal Instructions to his Excell positively inhibit the reviving of several Acts of different natures in one and the same Law for fear of any dissent Therefore we cannot Consent to the Houses request but propose the several Acts be severally revived by different Bills which will be very Short and not occasion any great delay to the Conclusion of this Session

M^r Hemsley and M^r Covington bring up the Bill for relief
of poor Debtors and Prisoners
And the following Message viz.

By the House of Delegates December 11th 1708

Whereas your Excell has been pleased with the Advice of ^{p. 586}
her Majesty's honble Council to order that no Attorney shall
be admitted to plead in any Court of this province without a
Licence first obtained from your Excell and the Council which
with all Submission and respect due to your Excell & the
hon:ble Coun has been represented and seems to be an Ag-
grievance & contrary to the known practice of all Courts of
Law in Great Brittain and the usual practice of all Courts in
this Province and to the manifest Prejudice of her Majesty's
good and Loyal Subjects therein

In regard of its great hinderance to the said Attorney in
performing their Dutys for fear of incurring your Excell's &
Honours displeasure, and also great Cause of their growing
insolent supposing the Courts of Law have not power to sus-
pend & displace them for their misdeameanours Whose quali-
fications with Submission we presume your Excell will believe
is best known to the Comm^{rs} of the County Courts wherein
they practice

For which reasons this House humbly address themselves
to your Excell to order and restore the Several Courts to their
antient Rights of admitting & Suspending the Attorney &
Practitioners and they will take all due Care that none shall be
admitted but such as shall merit the same by their fair &
honest practice

We also acquaint your Excell there has been Complaints
made to this House that several Merch^{ts} trading into this
Province under pretence that your Excell & Council has given
them leave have kept Stores at several Places not being Towns ^{p. 587}
Contrary to Law made in this Province several of which
Merch^{ts} have been presented at the Assizes for breach of the
said Law but the Queens Att^{ny} Gen^l hath refused to pros-
ecute them according to the Law af^d We therefore humbly
pray that your Excell will be pleased to lay your Commands
on the Attorney Gen^l that when any Presentm^t shall be made
that he prosecute all such who shall make any breach of that
or any other Law that is in force that we may not be repre-
sented to make Laws and have them dispensed withal without
our Consents

The Council Sate Present as on Saturday saving Col Holland
The Message brought by M^r Hemsley and M^r Covington
on Saturday last being taken into Consideration Resolved
that the following answer be sent thereto Viz.

By the Council in Assembly Dec^r 13th 1708

Gent. Your Message by M^r Hemsley and M^r Covington
relating to Attorneys &c being read at the Board we find you
have misrecited his Excell^s order concerning the Admission of
Attornys to plead in this Province in which there is a saving to
all who have rights to that practice Viz. Who have ever been
of any of the Inns of Courts and as to what you assert to be
an Aggrievance and contrary to the known practice of all the
Courts of great Brittain we are of opinion the House is not
p. 588 acquainted with the practice of the Courts there which we are
well informed is otherwise for that neither the Chancery
Queens Bench Common pleas or Exchequer admitt the Prac-
titioners in their several Courts The Serjeants and Barristers
on Certificate of the Benchers being called by the Queen's
Majesty and the several Attornys admitted and sworn by the
master of the Queens Bench & Prothonotaries of the Common
Pleas

Nor is the Practice of this Province of such duration to in-
form us of such antient right so that on due Consideration we
can see no Aggrievance but rather an Advantage to the good
people of the province that the Governm^t take Care none but
men of known Integrity and Ability are admitted to practice
in the several County Courts who need not apprehend any
bodys Displeasure for defending their Clients whilst they con-
tain themselves from railing and seditious speeches against the
Governm^t, nevertheless by the said order of Council there is
no Inhibition to the Justices of the Provincial and County
Courts from suspending any Practitioners who give any just
cause by their Insolence or misbehaviour, but on the con-
trary his Excell has been Satisfied with their so doing, and has
often declared he should be very glad to see the County Jus-
tices assert their Authority on all such occasions

Upon the latter part of your message about the severall mer-
chants keeping stores not in Towns under pretence of his
Excell having given them leave so to do His Excell is pleased
to say he never gave any such leave but that on the applica-

tion of Cap^t John Darrocott the Council with the Assistance of U. H. J. p. 589
 two of the Justices of the Provincial Court had given the
 opinion herewith sent you which is no Dispensation with the
 Laws for Towns. As to Several Presentments made at the
 Assizes of several Merchants on that score. The Attorney
 Gen^l says he never heard of any but one at Calvert County
 ag^t Cap^t John Jefferson of Kilkady in Great Brittain who was
 the first Trader here from that part of the Kingdom lately
 called Scotland and was generally presented for not keeping
 Store in Townes according to Law

To which his Excuse was there was no Store houses at
 Port St George in Patuxent where he lay and the Presentm^t
 being too General was Conceived improper and no particular
 Information of what Goods he sold being given the Attorney
 Gen^l by any particular person was the occasion he did not ex-
 hibit an Information against him.

M^r Mariartee and M^r Tyler bring up a Bill relating to Attorneys read in the House, the first & second Times

The said Gentlemen brought up the following Message Viz.

U. H. J. By the House of Delegates December the 14th 1708

In answer to your message by Col Greenfield and Philip Lynes Esq^r yesterday Intimating that this House had misrecited his Excell order in Council concerning the admission of Attorneys &c

This House did not recite the said order and are Satisfyed that there is a Saving to all such who had ever been of the Inns of Court or Chancery &c

And notwithstanding such saving are of opinion It is an Aggrievance And altho this House may not be so well acquainted with the practice of the Courts of Great Britain yet they are Satisfyed the Serjeants at Law are called by the Queen's Writt & that the Attornys are never Sworn or admitted by any Master or Prothonotary of any Court, without the Knowledge and Consent of the Justices of those Courts and altho the Infancy of this Province cannot in some person's opinion plead prescription yet it appears to this House that ever since the seating the Province no Attorney has been admitted without the Consent of the Courts, And by them silenced if Occasion required and the contrary practice is an Aggrievance to the whole Province And this House desire the hon:ble Council not to censure their message as if they were Suitors for any particular persons but for the whole Province in general and for the Lives & Fortunes of the present Inhabitants thereof and their Prosperity. And therefore move the hon:ble Council to Concur with the Bill proposed for Settling the same as to the other part relating to the merchants Selling goods at Towns this House did not by their message desire any prosecution for any offence passed against the Act for Towns but only to inform the honble Council what Constructions were put upon their proceedings in the Country & presented to this House as an Aggrievance and hope the same will be prevented for the future

judged them worthy thereof

M^r Speaker delivered into the House a Copy of his Excellency's Speech which was ordered to be read as followeth p. 159

M^r Speaker, and you Gentlemen Delegates,

It has been demonstrable to all unbiassed Persons that I never promoted any seperate Interest from yours, since my Administration; and with an honest open Heart I here solemnly assure you her Sacred Majesty's Service and the true Welfare of this Province has been my only Ambition since I had the

L. H. J. Honour to be constituted Governor of Maryland : And if some sour ill natured Incendiaries had not lately used their utmost malicious Insinuations to disturb and debauch her Majesty's other well meaning Subjects who came well prepared and honestly inclined to serve their Queen and Country there had been no Occasion for convening an Assembly so late in the year therefore let me enjoin you to lay aside all Annimosities, unnecessary Heats and private Piques, that with Calmness you may thoroughly consider the publick Interest with some Regard to the Character her Majesty has graciously given me, being ready to concur with you in what good Laws our Sovereign has, with great Tenderness recommended and others which you may think proper to be presented this Session for as I'm heartily willing to serve the Province to my utmost I'll never give you any just Reason to believe I will be a Victim to the restless Antimonarchial Spirit of an ungovernable Faction, but as I have always studied Loyalty to God Almighty's Vicegerent on Earth with all Sincerity and Friendship, I would gladly inculcate that Honble Principle into the Minds of every Gentleman here present, M^r Speaker, What I have further to offer unto you this Time is what I recommended to the late Convention, That her Majesty has been pleased to disapprove of two Laws lately made here, the one against Masters Cropping Tobacco on Board their Ships and the other about the Gauge of Tobacco Hogsheads and commands me to tell ye 'til her Royal Pleasure that we in this Province conform to the Size of those in Virginia and recommends a new Law to be made for that Purpose.

Gentlemen, Her Majesty thinks Sir Thomas Lawrence hardly used in Respect of the ordinary Licenses which her late Attorney General has reported to belong to his Office of Secretary. M^r Speaker shall have the Report, and her Maj^{ty's} Order thereon, and what Orders I have received from the Right Honble the Lords Commissioners of Trade &^t^a on Sir Thomas's Complaint whereby you will perceive how earnestly her Majesty recommends a Law to appropriate the Fines of those Licenses to his Office for a longer Duration of Time than three Years therefore hope you will be so prudent to shew
 p. 160 your ready Compliance herein. M^r Speaker, and you Gentlemen Delegates, I have repeated Instructions about the four Justices who are appointed to hold the Provincial Courts and Annually go their Circuits twice and am commanded to let her Majesty know speedy Notice what Provision the Country has made to enable them the better to go through the Fatigues of their constant Attendance on that Duty Let your Concurrency therefore be hearty and cheerful while it's in your Power and banish all flattering Whispers which advise you to swallow

such a pernicious Notion that you Gentlemen here assembled L. H. J.
are wiser than the vast Crowds of her other great Dominions who with open Loyal Hearts run to serve her Sacred Majesty who seems concerned the late Assembly threw out the Bill for punishing those that should raise and disperse false News in this critical Time of War and Danger. I am commanded to offer it anew to you Gentlemen the present Delegates, Nor can I believe any reasonable well meaning Man to the Government will ever be against it

Gentlemen, there is an Arrear due to the poor Men employed to secure your Magazine and Arms during our late Disturbances for as it was my very great Concern to preserve the Peace of the Country I am sure it's your Part to see those paid and rewarded who were so ready and vigilant to serve the Public. And now Gentlemen, give me Leave to tell you it's high Time for you that represent the whole Province to look into the many Immoralities of this poor deluded Country, where Drunkenness, Adultery, Sabbath breaking and Perjury are a Jest; horrid Murders stifled, and the Malefactors glory in it; Treasons made a Trifle and the Abettors caressed; Magistrates grow careless and the Offenders impudent; some being made believe by many Seducers a short Confession here can absolve them from any future Account Till these Things are in some Measure amended by your Prudence and Examples I have but slender Hopes your Debates can be successful; but as we are all willing to be called Christians and good Subjects let us in our several Stations act like Men of that Noble, Excellent Character; and let that Magistrate be stigmatized wth Infamy who connives at or countenances any Sort of Knavery, Atheism or Disloyalty and whenever you will heartily & sincerely endeavour to bring this great work about I should by the Blessing of God, Gentlemen, never doubt of seeing the Country flourish & improve For then Gentlemen the Heathen round about us would never mock at our Religion as Hypocrisie and the rest of the World will see, know & be convinced to your lasting Glory that the People of Maryland truly serve God and with a Dutiful Regard Honour our Lawful and Rightful Sovereign the Queen.

By his Excellency the Governor and Council in Assembly
December the first 1708

p. 163 Gentlemen, Your Message by M^r Worthington and three other of your Members being read at the Board his Excellency is pleased to declare he is well satisfied he has ample Authority from her Majesty to erect Cities and Buroughs as well as Castles and Forts and that the first are to be erected by Privileges & Grants from the Crown neither are Buroughs seldom or ever walled or fortified. That what he has been pleased to do in Favour of this Place being the Seat of Government was with a true Regard to the Interest and Honour of this Province and is not to be questioned by your House being her Majesty's Prerogative but if he has made any irregular Step he is answerable to our Sovereign only wherefore we wish you not further to insist thereon to the Delay of other Business of more Importance it being no Dishonour for Men of Reason to give up a groundless Opinion on better Satisfaction for since it's plain her Majesty has empowered his Excellency to erect Cities and Burroughs, it's not Walls but incorporating makes them so.

L. H. J. Thanks for your good Government and noble Endeavours to serve this Province as well for her Majesty's Service as for the Welfare of the same and doubt not your Excellency's Sincerity therein We assure your Excellency that this House will endeavour the same and if we find any evil minded or malicious Members amongst us we are and shall be always ready to detect and censure them as being not Persons fitted with Qualifications to sit among us.

We are heartily sorry your Excellency should be informed or apprehend that any Person the last Meeting appeared in this House to debauch any of her Majesty's well meaning Subjects or to raise any Animosities or unnecessary Heats; if any such we are altogether unsensible of them, but if any private or particular Person should be tardy in such Matters this House do assure your Excellency that they will use their utmost Endeavours to prevent them.

By the Conference appointed for enquiring into the Charter of the City of Annapolis and the Liberties and Privileges thereby granted held at the House of Major John Freeman December 2nd 1708. The Conference being met pursuant to the Message from his Excellency and Council proceed to examine the Matter contained in the Charter and on Debate thereof it's humbly conceived as the best Expedient to prevent further Disputes on that Subject for it to be established and confirmed by an Act of Assembly for that Purpose to be made allowing the said Citizens & the Liberties and Privileges given and mentioned in the said Charter so far that it may no wise infringe the Liberties & Privileges of the Public either in Regard to publick Lands or Buildings by them heretofore purchased and to which they are lawfully and rightfully entituled and desire the same may be reserved and continued for the same Ends and Purposes they were purchased and designed and have heretofore been held and enjoyed and not otherwise and that the Justices and Commissioners of Ann Arundel County may continue to hold their Courts in the Stadt House as usual. L. H. J.

It is further reported by the Conferrees that a Clause be inserted in such Law to be made that the Representatives for the said City have half the usual Allowance of the Delegates of each County and no more.

As to that Part of the Charter relating to the Recorder this Conference humbly conceive the Person appointed thereupon as Recorder is not qualified by Law for that Office in Regard he is exempt by Law as not having been a Resident here for three years

It is likewise proposed that the Justices of the County Courts &^{ts} may enjoy & continue their usual Liberties of executing their Office of Justices of Peace within the said City of Annapolis in as full and ample Manner as heretofore and that all Bye Laws which shall hereafter be made by the Mayor Recorder and Aldermen &^{ts} be not any Ways binding to any other Inhabitants of the Province save only in Relation to the Citizens of Annapolis.

As to that Part of the Charter relating to the Toll these Conferrees think the Toll too unreasonable and excessive for it is considered that if a thousand Pounds be imported here that extravagant Toll there mentioned may amount to one hundred Pounds and it's thought more to the Benefit of the City there be no Toll mentioned. All which is humbly offered and recommended to your Excy and Council and House of Delegates. p. 166

Major General Lloyd, Col^o Holland and Col^o Coursey from the Honble Council enter the House and delivers M^r Speaker the Report of the Conference relating to Sir Thomas Lawrence Complaints touching Ordinary Licenses Masters of Ships Cropping Tobacco, Gauge of Tobacco Hogsheads, & Divulgers of false News with the Houses Message and Council's Answer to the Message thereon which follows Viz^t

December 3^d 1708.

In Relation to the Gauge of Tobacco Hogsheads first that her Majesty be addressed that the former Gauge be continued

L. H. J. for that the Tobacco in Virginia being thick and waxy they can pack three or four hundred Pounds of Tobacco in Cask of their Size more than we can in Cask of our Size our Tobacco being thin and chaffy and that till her Majesty's Pleasure be known therein our Gauge be forty Eight Inches the Length of the [stave] and Diameter of the Heading be thirty Inches not exceeding thirty two Inches and that a Forfeiture of five hundred Pounds of Tobacco for each Cask exceeding the Gauge be imposed upon every Person or Cooper make a setting up any other Cask. And that if any Master Mate or Person belonging to any Ship or Vessell shall crop, squeeze or deface any Tobacco shipped on Freight the Master forfeit and pay five hundred Pounds of Tobacco so cropt squeezed or defaced and in Case any Hogshead exceeding the said Gauge shall happen to be taken on Board by any Master undiscovered at the Time of taking the same it may be lawful for such Master to put such Tobacco on Shore there to lie at the Owner's Risque.

Secondly As to that Part of his Excellency's Speech relating
 p. 170 to the Divulgers of false News it is the Opinion of the Conferees it's unanimously agreed by the Conferees that the Justices of the several Counties have Authority to bind such Persons over to their next Court who have Power to punish them as Disturbers of the Peace and that they cannot find any Way to make a Law to restrain such Reports but will expose innocent Persons to the Malice of Informers

As to that Part of Sir Thomas Lawrence's Complaint touching Ordinary Licenses It is the Opinion of the Conferees that Sir Thomas Lawrence has no Right to the Fine on Ordinary Licenses and that a full Answer be drawn to his Complaint and sent to her Majesty for her better Information and that it be therein mentioned that the Fees of the Secretary's Office is vastly increased of late through the Multitude of Business therein, and that by Means of the late war the Product of this Province is become of so little Value that the Ordinary Licenses Money be continued to her Majesty a Help to defray the Charge of the several Counties of this Province as by the former Act of Assembly.

By the House of Delegates December 3^d 1708 .

The above Report being read and considered the House unanimously concur therewith and humbly desire your Excellency will please to consent that the several Bills therein mentioned may be brought in and revived

And as to the Bill against Divulgers of false News we shall not further insist thereon at present and think it reasonable you should give your Answer to S^r Thomas Lawrence's Complaint and address her Majesty therein. But seeing her Majesty has laid her Commands on his Excellency to propose a Law to you for settling those Fines on the Secretary we cannot consent to any Law whereby they be otherwise applied till her Majesty is pleased to give Leave therefor

By his Excellency the Governor and Council in Assembly
3^d December 1708

Gentlemen, Pursuant to your Request his Excellency has ordered a Calculation to be made of the Charge of the late Provincial Court which is a followeth Viz^t

To 13 Provincial Justices at 140 lb Tob ^o p Diem	}	lb Tob ^o
24 Court Days being two Courts in a Year.		
To six Boats for the Eastern Shore Justices	}	8.400

To the Itinerant Charges of 13 Justices 6 Days	}	25.740
each Court going and coming Viz. 124 at 80 p Diem		
Two Grand Juries.		6.000

And inasmuch as the new Method of holding the Provincial Courts and the Judges going the Circuits is known to be of

L. H. J. great Ease and Advantage to her Majesty's Subjects in this Province as well Suitors, Jurors and Evidences it is thought 25.000 lb Tob^o will be an handsome Support for each Judge to undertake the Service as well as discharge his Expences therein and his Excellency being willing while he stays to allow towards it 5000 lb Tobacco Annually out of his Fees of the Great Seal besides the unnecessary Charge to the Sheriffs for publick Packets of ll 11.500 and the Yearly Rent of an Arms House which may be saved by their being better secured in one of the Upper Rooms of the Court House 2000 besides the Charge of Ferriages on the Western Shore for the Justices and their Servants will be more than Sufficient.

It's humbly offered to this Committee as an Aggrievance that the late Act of Assembly relating to Towns obliges only the Merchants and their Factors trading into this Province to keep Stores and dispose of their Commodities in Towns and not the Merchants residing within the Province that trade with their own Money which if no Exception made would appear to be more general and not as if we made Laws to serve for private Interest and more satisfactory and Encouragement to the Trading Merchants and to the Advancement of Towns All which is humbly referred by this Committee as an Aggrievance to the Honble House of Delegates and that they will consider thereof

Tillage and Relief of Debtors is omitted and we taking that Act to be very advantageous to many of her Majesty's poor Subjects who often fall under unfortunate Circumstances desire it may be revived And whereas her Majesty's Royal Instructions to his Excellency positively inhibit the reviving of several Acts of different Natures in one and the same Law for fear of any Dissent therefore we cannot consent to the House's Request but propose the several Acts be severally revived by different Bills which will be very short and not occasion any great Delay to the Conclusion of this Session

Whereas your Excellency has been pleased with the Advice of her Majesty's Honble Council to order that no Attorney shall be admitted to plead in any Court of this Province without a License first obtained from your Excellency and Council which with all Submission and due Respects to your Excy and the Honble Council has been represented and seems to us to be an Aggrievance and contrary to the known Practice of all Courts in this Province and to the manifest Prejudice of her Majesty's good and Loyal Subjects there in Regard it's a great Hindrance to the said Attorneys in performing their Duties for fear of incurring your Excellency's and Honours Displeasure and also a great Cause of their growing insolvent supposing the Courts of Law have not Power to suspend and displace them for these Misdemeanours whose Qualifications with Submission we presume your Excellency will believe is best known to the Commissioners of the Courts wherein they practice: For which Reason this House humbly address themselves to your Excellency to order and restore the several

L. H. J. Courts to their antient Right of admitting and suspending the
 p. 192 Attorneys and Practitioners and they will take all due Care that none shall be admitted but such as shall merit the same by their fair & honest Practice. We also acquaint your Excellency there has been Complaints made to this House that several Merchants trading into this Province under Pretence that your Excellency and Council have given them Leave have kept Stores at several Places not being Towns contrary to a Law made in this Province, several of which Merchants have been presented at the Assizes for Breach of the said law.

By the Council in Assembly December 13th 1708

Gentlemen. Your Message by M^r Hemsley and M^r Covington relating to Attorneys &c. being read at the Board we find you have misrecited his Excellency's Order in Council concerning the Admission of Attorneys to plead in this Province, in which there is a Saving to all who have a Right to that Practice Viz. whoever have been of any of the Inns of Court or Chancery. And what you observe to be an Aggrievance and contrary to the known Practice of all Courts of Great Britain we are of Opinion the House are not acquainted with the Practice of the Courts there, which we are well informed is otherwise; for that neither the Chancery Queen's Bench, Common Pleas or Exchequer, admit their Practitioners in their several Courts the Serjeants and Barristers on Certificates of the Benchers being called by the Queen's Majesty and the several Attorneys admitted and sworn by the Master of the Queen's Bench and Prothonotaries of the Common Pleas Nor is the Practice of this Province of such Duration to inform us of such antient Right so that on due Consideration we can see no Aggrievance but rather an Advantage of the good People of this Province that the Government take Care none but Men of known Integrity and Ability are suffered to practice in the several Courts who need not apprehend any Body's Displeasure for defending their Clients whilst they contain themselves from railing and seditious Speeches against the Government Nevertheless by the said Order of Council there is no Innibition to the Justices of the Provincial or County Courts from suspending any Practitioners who give any just Occasion by their Insolence or other Misbehaviour, but on the contrary his Excellency has been sufficiently satisfied with their so doing, and has often declared he should be very glad to see the County Justices assert their Authority on all such Upon the latter Part p. 195 of your Message about several Merchants keeping Stores not in Towns under Pretence of his Excellency having given them Leave so to do, his Excellency is pleased to say he never gave any such Leave but that on the Application of Cap' John Daracott the Council with the Assistance of two of the Justices of the Provincial Court had given the Opinion herewith sent you which is no Dispensation with the Laws for Towns As for several Presentments made at the Assizes of several Merchants on that Score the Attorney General says he never heard of any but one at Calvert County against Captain John Jefferson of Kelkeydye in Great Britain who was the first Trader

L. H. J. here from that Part of the Kingdom lately called Scotland and was generally presented for not keeping Store at Town according to Law; to which his Excuse was that there were no Store Houses at Port S^t George's where he lay and the Presentment being too general was conceived improper and no particular Information of what Goods he sold being the Attorney General by any particular Person was the Occasion he did not exhibit an Information against him

By the House of Delegates 14th 1708

In Answer to your Message by Col^o Greenfield and Philip Lynes Esq. Yesterday intimating that this House had misrecited his Excellency's Order in Council concerning the Admission of Attorneys &^{ca} This House did not recite the said Order and are satisfied that there is a Saving to all such who had ever been of the Inns of Court or Chancery &^{ia} And notwithstanding such Saving are of Opinion it's an Aggrievance; and altho' this House are not so well acquainted with the Practice of the Courts in Great Britain yet they are well satisfied the Serjeants at Law are called by the Queen's Writ and that the Attorneys are never sworn or admitted by any Masters or Prothonotary of any Court without the Knowledge or Consent of the Justices of those Courts and altho' the Infancy of this Province cannot in some Persons Opinion plead Prescription, yet it appears to this House that ever since the Seating the Province no Attorney has been admitted without the Consent of the Courts and by them silenced if Occasion required and the contrary Practice is an Aggrievance to the whole Province And the House desire the Honble Council not to construe their Message as if they were Suitors for any particular Person but for the whole Province in General and the Lives and Fortunes of the present Inhabitants thereof, and their Posterity, and therefore move the Honble Council to concur with the Bill proposed for settling the same. As to the other Part relating to the Merchants selling Goods at Towns this House did not, by their Message desire any Prosecution for any Offence past against the Act for Towns but only inform the Honble Council what Constructions were put on their Proceedings in the Country and represented to this House as an Aggrievance and hope the same will be prevented for the future

The Fee in Commissary's Court 400 lb Tobacco We think the Words (receive take) may be well omitted in the said Bill for that we never heard any Persons practising the Law or others were ever prohibited from receiving any Fee Gratuity or Reward from their Employers who judged them worthy thereof. Further we recommend that it be inserted in the last Clause of the Bill that all Persons whatsoever practising the Law shall be first licensed by the Governor and Council for the Time being before admitted by the several Courts who shall notwithstanding have the Power of such Admission by swearing them and likewise suspend on just Grounds

This Board having a due Sense of the Consequence of this Bill were willing to have had further Consideration thereof till the next Session; but seeing the House are so desirous to have it compleated this Session we have once more read it and desire there may be a Clause inserted to oblige the Freeholders to appear at Elections it having been often experienced that they are very indifferent on these Occasions. An Ordinance directing and empowering the Justices of the
County Courts to grant Licenses to Ordinary-Keepers and
take Recognizances for their keeping good Rules and Or-
ders in their Houses and settling the Rates of Liquors &c^a

Whereas the Act of Assembly for regulating Ordinarys will
expire on Conclusion of this present Session, and inasmuch as
her most Sacred Majesty upon the Suggestion of S^r Thomas
Lawrence Barronet who had a Patent for the Secretary's Office
from his late Majesty King William the Third of Glorious
Memory has commanded his Excellency John Seymour Esq^r
her Capt. General and Governor of this Province not to pass
any Law for the future whereby the Advantages of the Ord-
inary Licenses shall be taken from the Secretary's Office, so
that consequently there will want an Act of Assembly author-
izing the Commissioners of the several County Courts to take
Security of the several Ordinary Keepers to keep good Rules
and Orders in their Houses as the Law of England direct and
for settling the Rate of Liquors, Now forasmuch as this Gen-
eral Assembly do humbly conceive that the Fines of those
Licenses are no Perquisite or incident to the Secretary's Office,
and that Sir Thomas Lawrence is no Ways intitled thereto and
have Resolved to address her Most Sacred Majesty the Queen
in Answer to the said S^r Thomas Lawrence's unjust Complaint.
We do by and with the Consent of her Majesty's Honble
Council Statute and Ordain That no Person whatsoever shall,
until her Majesty's Pleasure be further known herein presume
to keep Ordinary or vend any Liquors in their Houses and
Plantations by Retail until they obtain Licenses from the Jus-
tices of the County Courts, for so doing, and enter into Recogn-
izances with sufficient Security for keeping good Rules and
Orders in their Houses according as the Laws of England direct.

And the said Justices are hereby empowered to grant such p. 212
Licenses and to take such Recognizances as aforesaid in such
Sums as they shall think fit and reasonable and to settle the
Rates of Liquors as they have formerly done. Of which all
Ordinary Keepers are to take Notice on Pain of their being
severally prosecuted for their Contempt of this Ordinance and
incurring the Displeasure of this Assembly.

Gentlemen. We desire once more you will either assert your reasons for diverting the Fees of those Licences from the Secretary or otherwise reannex them to his office that we may not give him any just occasion of Complaint to her most Sacred Majesty and the right Honble the Lords of the Council of Trade and foreign Plantations who have been so often importuned by him

M^r Philemon Hemsley and five other members of the House bring up the following Answer Viz.

By the House of Delegates Octob^r 27th 1709

May it please your Honours

We have considered your Honours Speech and shall diligently apply ourselves to raising a Supply to defray the publick Charge of this present year

We shall take it well all Letters lately received be laid before us that we may know her Majesty's Pleasure and Commands. But as to the matter of Licences to Ordinary Keepers and the Tob^o paid for them we have traced the Original & Progress thereof and neither find it a certain Duty to be always continued on such useful Subjects nor necessarily affixed to the Secretary's Office but only sometimes by Accident permitted to such Gentlemen who were Secretarys and further we conceive it a thing so contrary to right & reason and the Equality and Indifference of Justice and so nauseous & so odious to Subjects to have a tax imposed on one sort of Subjects to be applied to the enriching of one only Subject who not so much as sets pen to paper for it nor has more than a bare Colour of

U. H. J. Pretence That we are sorry her Majesty should by the unwearyed Sollicitations of S^r Tho^s Lawrence require any thing of us to which we cannot assent we have prepared an address about this and are desirous your Honours to join

We thank your Honours for so readily & diligently taking
 p. 615 on you the Administration of Governm^t according to her Majesty's royal Instructions and we shall always be ready to support you in it and join with you in what is our Duty that her Majesty's Service and Welfare of the Province may not be impaired in the Absence of a Cap^t Gen^l and to show our dutifulness to her Majesty and good Affection to your Honours

Signed p order W Taylard Cl Ho Del.

Ordered that Col Holland Col Ennalls Col Greenfield and Col Whittington carry the following message to the House of Delegates

By the Council in Assembly October 27th 1709

Here we send you a Copy of S^r Thomas Lawrences answers to your Reasons for taking from him the Ordinary Licences which is transmitted from the Lords of the Council of Trade &c also his further representation and complaints of Hardships & Damages done him here & desire you will well consider this matter and give a Satisfactory answer thereto that her Majesty and their Lordships may not be further importuned with the Secretary's Complaints or we be thought to have done him any wrong.

Col Ennalls & Col Greenberry sent to the House with a Copy of a Paragraph of the Lords of the Council of Trade and Plantations Letter of the 26th March 1707 to Governour Seymour, which came not to hand until the 24th day of June 1709 Viz.

 p. 616 thereof upon Condition that no Person be forced to take the same in payments which ought to be voluntary

Copy of Several Paragraphs in their Lordships Letters to his late Excell the Governour dated the 12th January 1708/9

We have considered the Law for encouragem^t of Learning and passed in Sep^r 1694 and find that the last Clause which is in the following words Viz^t (and be it Enacted by the Authority af^d that no person or persons whatsoever having your most

Sacred Ma:ty's Commission to Execute any office judicial within this Province shall be obliged actually to inhabit within this Province and exercise the same in his proper Person and not by any Depnty or Deputys) is so penned that it cannot be easily understood And therefore we think it necessary that the Intention of the Law be better Explained in that particular which may be by allowing the Patentees in express Terms a power to execute their respective offices by their Deputy or Deputys. U. H. J.

As to the Act passed in Carolina for encouraging the Settlement of that Country whereof you complain her Majesty has been pleased upon our Representation to repeal the same. A Copy of her Majesty's Instructions for that purpose is herein inclosed.

L^t Col. Walter Smith and five other Members from the House of Delegates bring the following representation Viz.

U. H. J. By the House of Delegates. Novemb 2^d 1709

It having been reported to and adjudged by this House, That it is an Aggrievance to the Province that for some years past the Custody of the Great Seal has been in the Hands of the Governour who by Virtue thereof Sits as Chancellour or Judge in the High Court of Chancery and that upon any Appeal or upon a Bill of Review before the High Court of Appeals the same Person is their Chief Judge also which is but appealing from the Judgem^t of a person in one Court to the Judgem^t of the same in another & very rarely any other Judgem^t rendered than at first

Therefore this House humbly desire the honbte Council to join with them in an Address to her Ma^{ty} that the Custody of the great Seal may no longer be in the Hands of the Governour But in the hands of such other Person as her Majesty or the Governour and Council here shall appoint

p. 627

Also It is reported to and resolved by this House as an Aggrievance that one and the same persons are Justices in the Provincial Court and in the County Courts.

Also It is reported by this House as an Aggrievance that one and the same persons are Justices in the provincial Court & in the County Courts

Also It is reported by this House as an Aggrievance that several places of profit within this Province are in the Hand of one Person. Which offices would be better officiated and Business better done & sooner dispatched if the places were in the Hands of several Persons and be Sufficient to maintain them besides It is great Discouragem^t to the several Inhabitants of this Province who are well qualified for such places that Persons less deserving and not qualified according to Law hold places of Profit and many Time one person several offices

Also it is reported to and resolved by the House as an Aggrievance that there are two Separate Commissions to the County Court and that the Charge of the Commissions being so often renewed is a Greater Burthen to the Countys than it was formerly when there was but one Commission and all the Justices Sate as Judges upon the Bench

p. 628

Also It is reported to and resolved by the House as an Aggrievance that places of Trust and Profit especially the Sheriffs office have been of late sold to such persons as would give most mony for them or Tob^o whereby several Persons have been commissioned that are very uncapable and not qualified and of too mean Capacity and Estates to execute & perform their Dutys and Office and the Inhabitants much thereby aggrieved and oppressed and very Slender security given for

performing the offices whereby great Losses have and are likely to happen to her Majesty's Subjects within this Province U. H. J.

It is also reported to and resolved by this House as an Aggrievance that the Provincial Court hath Jurisdiction in so small sums whereby all Actions are almost brought there where the Charge very often exceeds the Debt or Demand and is of great Trouble Charge and fatigue to the Suitors both Plaintiff and Def^t and many times occasioned the Plaintiff to lose, both his debt & Cost and perpetual Imprisonm^t to the Def^s Body or Ruin of his whole Estate. All which said six Aggrievances this House humbly desire her Majesty's hon:ble Council to join with them in redressing and that the Honble Council will join some of their Board with some of the members of this House in Conference to consider of ways & means to redress the same and of the method & manner of settling the Courts of Judicature and their Jurisdictions with the manner of their proceedings & the Qualifications of their Officers

Signed p Order W Taylard Cl Ho Del.

The Board proceed in obedience to their Commands of the Right Honble the Lords of Trade and Plantations to give their reasons for passing the Act requiring the Lord Baltimores Agents to certify their Instructions and Fees Viz p. 645

1st That the want of a due Knowledge of the several Alterations of the Conditions of Plantations made by the Lord Proprietarys from Time to Time his Lordships Agents having forborn for many years to publish and record the said Conditions which formerly were wont to be no man is Certain upon what terms he is to hold any new Grants from him

2^{dly} And for want of due notice of the Fees taken by his Agents and under Officers we are Lyable to pay any Fees by them demanded at their Pleasure as has been manifestly shewn to the Assembly at the passing that Law to the great Aggrievance of her Majesty's Subjects here and obstructing many Settlements of the Soil in prejudice of her Majesty's Revenue.

U. H. J. 3^{dly} Many abuses being Complained of to the Assembly done by the several Deputy Surveyors under the Lord Baltimore they thought expedient to prevent the same for the future that no one should act in that Station that would not qualify themselves as by the Laws directed the said Deputy Surveyours being Officers acting between the Lord Propry's & her Majesty's Subjects here who ought to administer right between his Lordship and the People from whom they receive their Wages or Fees in measuring the Land they purchase of his Ldship the Soyle of this province being not only granted to his Ldship's Ancestors but with Intent of settling an English Colony which we hope her most Sacred Majesty will always protect Therefore we think highly reasonable those officers should be obliged by Oath to Act impartially having a regard as well to her Majestys Subjects as his Lordships Interest

May it please your Honours

We have considered your Honours Speech and shall diligently apply ourselves to raising a Supply to defray the publick Charge of this present year We shall take it well all Letters lately received be laid before us that we may know her Majesty's Pleasure and Commands But as to the Matter of Licenses the Ordinary-Keepers and the Tobacco paid for them we have traced the Original and Progress thereof, and neither find it a certain Duty to be always continued as such useful Subject nor necessarily affixt to the Secretary's Office but only sometimes by Accident permitted to those were Secretary's And further we conceive it a Thing so contrary to Right and Reason and the Equality and Indifference of Justice and so nauseous and odious to Subjects to have a Tax imposed on one Sort of Subjects to be applied to the enriching of one only Subject who not so much as sets Pen to Paper for it, nor has more than a bare Colour of Pretence, that we are sorry her Majesty by the unwearied Sollicitations of Sir Tho^s Lawrence require any Thing of us to which we cannot assent

We have prepared an Address about this and are desirous your Honours to join

We thank your Honours for so readily and diligently taking on you the Admn of Governm' according to her Majesty's Royal Commission and we shall always be ready to support you in it and join with you in what is our Duty that her Majesty's Service and Welfare of the Province may not be impaired in the Absence of a Captain General and to shew our Dutifulness to her Majesty and good Affection to your Honours

The Report of the Aggrievances brought in last Night being here debated

Resolved the same are of great Aggrievance to the Province
Ordered the same be drawn up into a Message praying to be relieved therein. Which follows Viz.

By the House of Delegates November 2nd 1709.

It having been reported to and adjudged by the House that it is an Aggrievance to the Province that for some Years past the Custody of the Great Seale has been in the Hands of the Govern^r who by Virtue thereof sits as Chancellor or Judge in the High Court of Chancery and that upon any Appeals or upon any Bill of Review before the High Court of Appeals the same Person is their Chief Judge also which is but appealing from the Judgment of a Person in one Court to the Judgment of the same in another and very rarely any other Judgment rendered than at first Therefore this House humbly desire the Honble Council to join with them in an Address to her Majesty that the Custody of the Great may no longer be in the Hands of the Governor but in the Hands of such other Person as her Majesty or the Gov. and Council here shall appoint

Also it's reported to and Resolved by this House as an Aggrievance that one and the same Persons are Justices in the Provincial Court and in the County Courts

Also it is Reported and Resolved by the House as an Aggrievance that several Places of Profit within this Province are in the Hands of one Person which Offices would be better officiated and Business better done and sooner dispatched if the Places were in the Hands of several Persons and be sufficient to maintain them besides it is a great Discouragement to the several Inhabitants of this Province who are well qualified for such Places that Persons less deserving and not qualified according to Law hold Places of Profit and many Times one Person several Offices

Also it's Reported to and Resolved by the House as an Aggrievance that there are separate Commissions for the County Courts and that the Charge of the Commissions being so often renewed is a greater Burthen to the Counties than it was formerly when there was but one Commission and all the Justices sat as Judges on the Bench

Also it is Reported to and Resolved by this House as an Aggrievance that Places of Trust and Profit especially the Sheriff's Office have been of late sold to such Persons as would p. 226

L. H. J. give most Money or Tobacco for them; whereby several Persons have been commissioned that are very uncapable and not qualified and of too mean Capacity and Estates to execute and perform their Duty and Office and Inhabitants thereby much aggrieved and oppressed and very slender Securities given for performing their Offices whereby great Losses have and are likely to happen to her Majesty's Subjects within this Province. It is also Reported to and Resolved by this House as an Aggrievance That the Provincial Court hath Jurisdiction over so small Sums whereby all Actions are almost brought there where the Charge very often exceeds the Debt or Demand and is of great Trouble Charge and Fatigue to the Suitors both Plff. and Def^t and many Times occasions the Plaintiff to lose both his Debt & Cost and perpetual Imprisonment of the Defendant's Body or Ruin of his whole Estate All which said six last Aggrievances this House humbly desire her Majesty's Honble Council to join with them in redressing and that the Honble Council will join some of their Board with some of the Members of this House in a Conference to consider of the Ways and Means to redress the same and of the Method and Manner of settling the Courts of Judicature and their Jurisdictions with the Manner of their Proceedings and the Qualifications of their Officers Signed p Order
W Taylard Cl. Ho. Del.

Which being read and approved of was sent up to the Honble Council p Col^o Walter Smith, M^r John Whittington M^r Robert Tyler M^r Daniel Mariartee, M^r Thomas Frisby and M^r Thomas Robins. They return and say they delivered their Message.

The Committee of Aggrievances enter the House and report
 as follow Viz.

That it is an Aggrievance to the several Inhabitants of this
 Province that the several Sheriffs within the same Province do
 refuse to take for their publick Dues good Merchantable To-
 bacco when tendered them on Discount when they have Or-
 ders drawn on them payable to any Planter for publick Dues
 but on the Contrary presses on the Poor by executing their
 fine Tobacco if they do not comply upon their Terms saying
 that it is at their Election to pay their Claims at any Part of
 the County tho' never so inconvenient to the Party claiming.
 Which being read and debated in the House it is Resolved an
 Aggrievance and ordered the Committee of Laws bring in a
 Bill this Session to relieve that Evil. Likewise it is represented
 as an Aggrievance to the Inhabitants in Gen^l that there should
 be Liberty given to any Persons to hire any Lawyers practicing
 the Law in any Courts within this Province for any certain
 Sum p Ann. which gives great Encouragement to the Person
 hiring such Lawyer to bring as many Actions as they can in
 Consideration that the Fees due to the Lawyer belong to him-
 self which perhaps in the year amount to a considerable Sum
 more than what he is to pay the Lawyer which gives Room to
 judge that if the same Person was to pay a ffee in every Action
 he would bring the fewer but to be sure he will endeavour
 whether Occasion or not to bring as many Actions in the year
 as will amount to the Sum he is to pay his Lawyer which is
 humbly offered to the Honble House of Delegates to consider
 thereof Signed p Order Jn^o Beale Clk. Com.

p. 233 Which aforegoing Paragraph was read and considered of
 and it's the Opinion of the House it's no Aggrievance. Like-
 wise the said Committee reported to the House as follows Viz.

By the Committee of Aggrievances November 2nd 1709

L. H. J.
Lib. 41.

It is represented as an Aggrievance that the Secretary of Maryland should claim and assume to himself without any Authority either by Law or by his Commission such arbitrary Despotick Power over the several Clerks in the Provincial and County Courts and also over the Register in Chancery as to turn all or any of them out of their respective Offices at his Pleasure without being liable to shew Cause to the respective Courts where such Clerks are Officers for his so doing by which Practices has not only Opportunity of depriving our Sovereign Lady the Queen of her approved Servants in those Offices for his mere Phantasie and imposing upon the Queen and her Subjects such Persons to serve in such Offices as are only qualified to receive the Profits whilst perhaps a more deserving Person being their Deputy for a small Salary do the Business but also an Opportunity of constraining them to comply with any Demands of his tho' never so unreasonable whether it be to the Prejudice of the Queen or her Subjects here upon Pain of his Displeasure, which is the Loss of his Office and perhaps his only Dependance for Bread; and also by his having such an Arbitrary and illegal Power as aforesaid their Offices are made so very precarious that they are rendered very liable to Corruption in them either out of fear or favour to the Secretary who is often himself a Suitor to those Courts; and also the said Practices tend very much to the Discouragement of the Inhabitants to qualifie themselves or their Children for such Offices.

And further it's offered as an Aggrievance that the Secretary does not pursue the Orders of his late Majesty King William in Council annex by Way of his Instructions to said Office, but acts contrary thereto and demands from the County Clerks a considerable Sum of Money or Tobacco Yearly on Pretence of having a Right to tenth Part of their Perquisites, tho' he has never complied with the Conditions upon which such tenth Part was to be given him, for if the tenth Part were lessened in the County Clerks fees or otherwise applied to the publick Use it might be of great Service to the Country; whereas it is now paid to one that demands it as his Right in Consideration of doing a Thing which he has never done. All which is humbly offered to the Consideration of the Honble House of Delegates

Signed p Order Jn^o Beale Clk Com.

Which being read it's Resolved an Aggrievance and referred to the next Session of Assembly for further Consideration

The Committee of Aggrievances further reports as follows
Viz'

L. H. J.
Lib. 41.

It's humbly offered as an Aggrievance that Charles Carroll and Amos Garrett and others of the City of Annapolis ask, require, take, demand, and extortiously receive of her Majesty's Good Subjects of this Province ten Pounds p Cent more than their Debts due upon Bills of Exchange under Pretence of Exchange of Money and that directly openly and avowedly in Contempt of this House using reproachful Speeches against it telling the People to thank their Assembly Men for it in making the Act for ten p Cent and that they have writ for England to get the said Act and the Act for Relief of poor Debtors dissassented to by her Majesty protesting that let the Assembly make what Laws they please it shall not effect them they having Money and Interest enough at Home to procure a Dissassent to any Law that pleases them not All which is in Contempt of this House and the Authority thereof and tends much to the impoverishing the People of this Province and strikes at the altering the Constitution thereof. The Committee humbly desires the House to consider thereof and that the said Carroll and Garrett may answer their Contempt to this House Signed p Order
Jn^o Beale Clk. Com.

Which was read and debated and and it's Resolved That the Committee of Laws prepare a Bill to prevent the taking 10 p Cent or anything more than what is allowed by Law for the future. The Committee of Aggrievances further report.

That it is represented to this Committee as an Aggrievance That whereas the Lawyers practising the Law in the several Courts within this Province upon the Delivery of a protested Bill of Exchange (where there are several Indorsers) to them by their Clients to be put in Suit for the Recovery of the Debt for which the Bill is drawn together with the Damages of Protest; the Lawyers upon Receipt thereof for Lucre to themselves without perhaps any Profit to their Clients immediately issue out Writs as well against the Drawer as the several Indorsors and prosecute them to Judgment (if not agreed) by which Means the Charge against the said Drawer and Indorsor amounts to more than the Debt sued for which if there was but only one sued the Pltff might get his Debt as well as suing the whole so long as it is at the Plaintiff's Choice to take either the Drawer or any one of the Indorsors as is best able to pay the Debt demanded All which is humbly offered to the Consideration of the Honble House of Delegates to consider thereof Signed p Order Jn^o Beale Clk Com.

Which being read and debated in the House Resolved it is an Aggrievance and referred to the Consideration of the next Session of Assembly to remedy the same

The Committee of Laws delivers their Report relating to L. H. J.

And as to the Assembly's Desire of a small Species of Copper Coin if they send over the Value hither we shall move her Majesty that such a Quantity of Copper Coin be sent in Lieu thereof, upon Condition that no Person be forced to take the same in Payment which ought to be voluntary

2 Copy of several Paragraphs in their Lordship's Lre to his late Excellency the Gov. dated the 12th of January 1708/9 we have considered the Law for Encouragement of Learning &^{ia} past in Sept. 1694 and find that the last Clause which is in the following Words Viz^t

And be it Enacted by the Authority aforesaid that no Person or Persons whatsoever having your most Sacred Majesty's Commission to execute any Office Judicial within this Province shall be obliged actually to inhabit within this Province and execute the same in his proper Person and not by any Deputy or Deputies is so penned that it cannot be easily understood and therefore think it necessary that the Intention of the Law be better explained in that particular, which may be by allowing the Patents in express Terms a Power to execute their respective Offices by their Deputy or Deputies As to the Act past in Carolina encouraging the Settlement of that Country whereof you complain her Majesty has been pleased upon our Representation to repeal the same

3 A Copy of her Majesty's Instruction for that Purpose is here inclosed

L. H. J.
Lib. 41.Monday Morning 7th November 1709

The House again met according to Adjournment and being called in they all were present as on Saturday And M^r Solomon Wright enters the House and took his Place

Read what was done on Saturday

The Motion on Saturday relating to the Gentlemen of Eastern Shore's Salary &^{ca} being reassumed.

Put to the Question whether they be allowed for their extraordinary Itinerant Charges or not? Carried in the Affirmative. And Ordered That they bring in an Account of their particular Charge and lay before the House for further Consideration.

Moved by a Member whether it be not necessary that there be an Account given this House of the quarter Part of the 12^d p Hhd appropriated for Arms &^{ta}

Resolved it's absolutely necessary. Therefore Ordered M^r Bladen Clerk of the Honble Council be sent for. M^r Bladen accordingly appeared in the House and M^r Speaker required of him to render an Account to the House of the 3^d p Hhd who declared his Willingness thereto so far as he could and so withdrew. Soon after p Permission of the House M^r Bladen came in and delivered M^r Speaker M^r Plater and M^r Rousby's Accounts of the 3^d p Hhd and so withdrew

Then the aforegoing Accounts were given to the Gentlemen appointed to view the Arms &^{ta} who are required to inspect the said Accounts and report the same to the House by all convenient Speed.

The Petition of Madam Seymour for an Allowance for House Rent read and Ordered the Committee of Accounts allow the same

Moved by a Member whether it is not for the Benefit and Interest of the Country to take off the 6^d p Gallon Duty on Rum or no? Resolved Nemine contradicente That it is for the Benefit of the Country. And Ordered That a Bill be prepared that all Rum imported by Land or by Water as well in Vessels belonging to the Country as Foreigners pay 3^d p Gallon Duty and no more unless such Vessels as are owned by the Inhabitants of this Province and come directly from the West Indies.

And that the Act for 9^d p Gallon Duty on Rum be repealed

The Committee of Laws makes their Report to the House relating to Ordinary Licenses

Ordered to be read which follows Viz^t

To the second Article in which Sir Thomas Lawrence only arbitrarily avers that the Benefit of Ordinary Licenses were of the Lord Proprietary assigned to the Secretaries not as pretended by mere Favour to them as his Relations without any

Proof but by an Exchange for Naval Officers Fees; we do with more Likelihood believe and are credibly informed that by Command from Cecilius Lord Baltimore to his Son the now Lord Proprietary the fine for Ordinary Licenses was given to his Kinsman William Calvert Esq. for his better Support without mentioning of such Exchange. We find also that in the 1672, and how long before we know not the said present Lord Baltimore kept the Benefit of those Licenses to himself and doubtless kept them so all the Time of Secry Sewell, till William Calvert Esqr his Kinsman was made Secretary; which shews 'twas done in Respect of Relations only, for such Ordinary Licenses have no Affinity to the Offices nor does he put Pen to Paper for them

L. H. J.
Lib. 41.

To the second Paragraph of the third where Sir Thomas says it's strange and untrue that the House of Delegates affirm that they do not find any Orders from the King and Council that the Ordinary Licenses should be a Perquisite of the Secretary's Office We find only an Order of Council in General 2nd of March 1692/3 That Sir Thomas Lawrence should enjoy the full Benefit of his Office of Secretary of Maryland according to Patent &^{ta} and the Act for regulating Ordinaries which gave the License to the Governor was set aside, but nothing more concluding the said License to be his Perquisite. p. 238

And whereas he says his late Majesty by disallowing the said Act did manifestly declare he was of Opinion that it was not in the Power of the Assembly to give the Profits of the Licenses to whom they pleased that is but an Arbitrary Assertion We utterly deny his Conclusion and say that the Assembly having never since the Revolution disposed of them but by Temporary Laws for a Time did always claim a Power that they should not be disposed of without Assent of the Assembly.

To the fourth in which he says upon the said Order of March 1692/3 being brought into Maryland the latter End of the Year 1693 the next Assembly in the same year under Governor Nicholson by an Act pursuant to the said Order did settle those Licenses upon the Secretary for the Time being from three Years to three Years &^{ta}

True it is the Assembly 1694 in the Time of Gov. Nicholson did give the Profit of said Licenses to Sir Thomas which is the first Law that ever gave such Fines to the Secretary which said Act was Temporary and expired in three years and altho' the Assembly did afterwards by other Acts continue the same longer to the Secretary yet it was always by Temporary Laws thereby reserving to themselves the Power of disposing of it as to them should seem meet

L. H. J. Which being read in the House concurred therewith. Like-
 Lib. 41. wise an Address relating thereto was brought into the House
 Which being read and approved of by the House was ordered
 to be ingrossed.

And the Address relating to the Gauge of Tobacco Hhds.

 this House to the Sheriff of Kent County directed were brought
 to the Bar of this House and then was read the Complaint of
 Dominick Kingslaugh against Col^o Blay and the rest of the
 Justices of Kent County the Compl^t of the Justices and Evi-
 dences being heard at the Bar of this House were ordered to
 withdraw; then the House proceeded to debate the same
 p. 239 which being debated Resolved That the said Justices are
 enjoined immediately to allow the Person complaining the
 Benefit of the Act for Relief of Poor Debtors &^{ta} and that the
 said Col^o Edward Blay for his opprobrious Language be cen-
 sured by this House that he acknowledge his Fault at the Bar
 of this House and beg Pardon for his Offence and likewise
 pay to the Sheriff for bringing over the Prisoner and Evidences
 and carrying them back 500^{lb} Tob^o and to 5 Evidences 360^{lb}
 Tob^o apeace 1800^{lb} Tob^o

To the Clerk of this House £ 1.. 0.. 0 To Rich^d Young
 Serjeant Attend^t 10/.

 to be discharged from his further Attendance.

And resolved the other Justices be acquitted

 appeared and M^r Speaker was pleased to acquaint him with
 the Resolve of the House he then at the Bar acknowledged

To Dorchester County 18 Musquets, 8 Carabines, 2 Drums, 8 Cartouch Boxes, 8 Cutlasses 2 Barrels of Powder, one Barrel of small Shot, 2 Barrels of Bullets, one Paper of Flints and Worms, ten Halberts, one Trumpet. And likewise that they find in the Hands of Captain Charles Kilbourn delivered by his Excellency's Order for the Use of the Company belonging to the City of Annapolis 40 Musquets, one Drum, 40 Cartouch Boxes, one Barrel of Powder, one Barrel Small Shot, 3 Halberts, 6 Bayonets.

All which said Arms appear to be lodged and delivered by Accounts thereof

And they also report That the Arms in Possession of Capt Charles Kilbourn are very rusty and much out of Order and that he refuses to clean them, altho' by his Receipt, under Hand and Seal, he is obliged so to do as by the said Receipt it may appear And further they find that several other Parcels of Arms and Ammunition has been imported into this Province as by an Article in an Account of M^r George Plater's deceased, late Receiver of Patuxent District.

It appears to the Value of £ 547-3-6 paid to M^r Micajah Perry Merchant in London by Order of the Council for which said Parcels of Arms we find no Receipts nor how the said Arms have been disposed of we can give no direct Account but suppose them to be Part of the Arms and Ammunition now found by the said Committee in the Hands of Capt. John Young. And as to the 3^d p Hhd for Arms we have not the Accounts from her Majesty's Receiver General cannot report how the same has been disposed of but humbly move an Order may issue from this House to cause M^r John Rousby her Majesty's present Receiver to appear at the next Session of Assembly to bring in all such Books and Papers relating to the 3^d p Hhd. as belonged to M^r George Plater deceased late Receiver and to render an Account how the same has been disposed of since he has been Receiver that then it may appear how the said Money has been appropriated And further do report that there come to our Hands an Account of M^r John Rousby's commencing from the third Day of April 1707 to the third Day of April 1709 being for the 3^d p Hhd for Arms. That in that Time there has been reported out of this Province

L. H. J. 28,482 Hhds of Tobacco at 3^d p Hhd is £ 356.. 0.. 6 And that
 Lib. 41. by the said Account we find that he has deducted out of the
 said Money, his Salary at the Rate of one hundred Pounds p
 Annum which amounts to £ 140. Which said Article we
 humbly conceive unjustly stated and ought to be deducted out
 of the Fines and other her Majesty's Dues and not wholly out
 of the 3^d p Hhd. p Order Edward Benson Cl. Com.

Which being read the House concurred therewith
 p. 247 And Ordered That M^r John Rousby lay his Accounts and

By the Council in Assembly Nov^r 9th 1709

Gent. Believing your House to have many Things before you of Consequence and little Time to spare this Session drawing towards an End, and we being obliged to give our Reasons to the Right Honble the Lords of Trade and Plant^r for passing the Law requiring the Lord Baltimore's Agents to &^{ca} and have assigned our Reasons and have communicate them to you for your Approbation and if you think necessary to add any further to them

Signed p Order W. Bladen Cl. Co.

Reasons for passing the Act requiring the Lord Baltimore's Agents to certify into the Secretary's Office the Instructions and Conditions of Plantation with the Fees by them demanded to qualify themselves according to Law.

1 That for Want of a due Knowledge of the several Alterations of the Conditions of Plantations made by the Lord Proprietary from Time to Time his Lordship's Agents having forborn for many Years to publish and record the said Conditions which formerly were wont to be no Man is certain upon what Terms he holds any new Grants from him.

2 And for want of Due Notice of the Fees taken by his Agents and under Officers we are liable to pay any Fees by them demanded at their Pleasure as has been manifestly shewn to the Assembly at the Time of passing the Law to the great Aggrievance of her Majesty's Subjects here and obstructing many Settlements of the Soil in Prejudice of her Majesty's Revenue

3 Many Abuses being complained of to the Assembly done by the several Deputy Surveyors under the Lord Baltimore they thought it expedient to prevent the same for the future that no one should act in that Station that would not qualifie themselves as by the Law directed, the said Deputy Surveyors being Officers acting between the Lord Propy and her Majesty's Subjects who ought to administer Right between his Ldp and the People from whom they receive their Wages or Fees in measuring the Land they purchase from his Ldp the Soil of this Province being not only granted to his Ldp's

Ancestors but with Intent of settling an English Colony which we hope her most Sacred Majesty will always protect & therefore we think it highly reasonable those Officers should be obliged by Oath to act impartially having an equal Regard to her Majesty's Subjects as well as his Lordship's Interest.

W Bladen Cl. Co.

Which being read the House readily concurred therewith and ordered the following Message be sent up to the Council

By the House of Delegates 9th Novem. 1709

This House return your Honour Thanks to your Care to answer the Lord Baltimore's Objections against the Act requiring his Agents to publish the Conditions of Plantations &th and readily concur and join with you therein

The Addresses following were ordered to be entered in this Journal Viz.

To the Queen's Most Excellent Majesty

The Humble Address of the President Council and Delegates of your Maty's Province of Maryland, now in General Assembly sitting;

To your Sacred Majesty Sheweth,

That the Inhabitants of this your Majesty's Province complain that the Office of Governor in Chief of this your Majesty's

Province and the Office of Keeper of your Majesty's Great Seal of this Province being in one individual Person consist not with the good Government thereof for thereby it comes to pass that when an Appeal is granted before the Governor and Council after a Decree in Chancery that the same individual Person which gave the Decree is also Judge in the Appeal, of the bad Consequence whereof your Majesty's Subjects here being very sensible, in most humble Manner implore your Majesty of your Grace and Clemency to provide a proper Remedy.

To the Queen's Most Excellent Majesty

The humble Address of your Majesty's dutiful and loyal Subjects the Delegates and Representatives of the several and respective Counties of your Majesty's Province of Maryland now sitting in a General Assembly;

Sheweth to your Majesty That his Excellency John Seymour Esq. our late Governor hath given us to understand your Majesty's Dissassent to two Laws lately passed here, one about the Gauge of Tobacco Hogsheads the other against cropping and defacing the same, which we believe your Majesty would not have denied your Royal Assent to if any had appeared for us to have made your Majesty sensible of the Reasonableness of the said Laws And first we humbly beg Leave to lay before your Majesty the true State of the Trade of this Province, and so it is that the Merchants living at London most usually during the Wars adventure little on their own Account most great Ships coming chiefly on Freight to which the Merchants and Owners have great Encouragement by the Artifices of raising it to an extravagant Rate that the Tobacco that loads and employs so many large and defensible Ships pays such vast Sums to your Majesty and purchases such Abundance of the Goods and Manufactures of Great Britian is chiefly the proper Tobacco of the Planters Merchants and Inhabitants of this Province and at their proper Risque and Hazard sent to London, and tho' it produces little to us the Merchants who acts as our Factors thereby with little Hazard most certainly gather vast [sums] by their Commissions and other Perquisites which they make and by laying Obligations on the Masters of such Ships to take no Tobacco on Freight but from such who will consign to the Employers of such Masters especially when they have so much Advantage by Plenty of Freighters as to force it; thereby engrossing all the Consignments they can to themselves and frustrating the publick and

p. 258

L. H. J. general Advantage which Shipping ought to be to the Nation.
 Lib. 41. Hence we presume it comes to pass that they have made this
 Scruple about the Size of the Hogsheads of this Province ex-
 ceeding that of Virginia. We have enquired into their Gauge
 and find ours now used exceed but two Inches in Diameter of
 the Head being equal in Length and for justifying our Size
 we humbly offer this Reason to your Majesty: That the
 Tobacco generally made in Virginia is a more substantial
 thick waxy Leaf and by Consequence weighs heavier and
 contains greater number of Pounds in one Hogshead of their
 Size and their Tobacco than in one of our Size filled with our
 Tobacco which is more light and chaffy insomuch that they
 (as we compute) ordinarily get three thousand two hundred
 Pounds of Tobacco carryed home as cheap as we get two
 thousand two hundred which only Reason being taken into
 your Majesty's Royal Consideration we hope will induce your
 Majesty to suffer us to hold the same Gauge which is so trivial
 a Damage to the Storage of Ships that we wonder any should
 trouble your Majesty with it: But if any hereafter (through
 Greediness) make their Hogsheads above the Gauge we are
 willing either to subject them to greater Penalties or the Com-
 manders of Ships may make them pay an higher Freight
 proportionable or refuse to take or agree for the Freight of
 them.

Now Dread Sovereign having as we think truly stated the
 Case of this Province your Majesty will discern who bears the
 Burthen and consider we cannot but justly complain when we
 see our Hhds cropp'd and defaced and the Tobacco by great
 Parcels taken out of the Cask which should defend it and
 thrown into Holes and Corners and most abominably abused
 in Quality so liable to Plunder and Pillage and other Damages
 too many to particularize to your Majesty whereby it comes to
 pass to our too certain Experience that our Tobacco comes
 very light home and being consigned to the Owners of the
 Ships by the Artifice aforesaid, by whom such Damage ought
 to be repaired, and the Owner himself the Agent that should
 demand it, we go altogether without Redress being so far
 from the Spot and Scene where such Abuses are acted. This
 puts us upon making the Law against cropping, which yet
 proves but of small Effect to restrain it but hope we have
 hereby shewn Reason to incline your Majesty now only to
 favour this Bill but any other that may be devised to secure
 our Goods from such Rapine and Plunder, and in a special
 Manner to extend your Royal Favour to support us; which
 Favour we stand in need of above all your Subjects because
 we think we are the most imposed upon by the Owners and
 Hirers of Ships and the least able to help ourselves. And we

do with all Humility humbly beg that for the future when any Person do solicit your Majesty to dissasent any of our Laws your Majesty will be graciously pleased to allow us to be heard before you do grant our Request. It's further taken Notice of that we have dropped one Act against the Divulgers of false News, which was of very large Extent and by Experience found to be rather hurtful by becoming a Snare to ignorant and unwary People and abused by malicious Informers to that Purpose then applied to the Punishment of ill disposed People so that it has been let fall by former Assemblys and thought not fit to be renewed since there is other good Laws to bring them to Punishment who shall any ways maliciously divulge any Thing in Derogation of your Majesty's Honour which shall always be dear and tender to us

p. 259

To the Queen's most Excellent Majesty

We your Majesty's most dutiful and loyal Subjects the Delegates of the Province of Maryland and now convened in a General Assembly have taken into Consideration your Majesty's Order in Council to our late Governor John Seymour Esq. relating to the making a Law for the settling a Fine on Ordinary Licenses on your Majesty's Secretary of Maryland and having read and considered the Complaint of Sir Thomas Lawrence to your Majesty and the other Papers relating thereto which his Excellency was pleased to lay before us do beg Leave to acquaint your Majesty we have made strict Search into the Records of this Province and therein find That in the Year one thousand six hundred and sixty two, there was an Act made for the Encouragement of Ordinary Keepers without any Time given for Licenses. That in the year one thousand six hundred seventy Eight an Act was made for regulating Ordinaries and advancing the Revenue of the Lord Proprietary who had then the Government of this Province and thereby was given to his said Lordship for every Ordinary License in Saint Mary's City two thousand Pounds of Tobacco and in the Counties twelve hundred Pounds of Tobacco which is the first Act ever settled a Fine on Ordinary Licenses and that but Temporary after which the Lord Proprietary out of his especial Favour to his Secretarys (they being his Relations) did give and grant the Profits arising from the Ordinary Licenses to them but we find no Act of Assembly for settling the same on the Secretary's during his Lordship's Government. We find in the Year 1692 being the Year his late Majesty King William of Glorious Memory took upon him the Government of this Province the then Assembly knowing the Profits arising, from Ordinary Keepers to be no Branch of the Secretary's Office did by an Act made that Year give to the then

L. H. J. Governor Copely for every License to keep Ordinary at Saint
 Lib. 41. Mary's City two thousand Pounds of Tobacco and in the
 Counties twelve hundred Pounds of Tobacco which Act was
 to continue but three Years Sir Thomas Lawrence being then
 Secretary of Maryland who upon passing the Act and another
 p. 260 the same Session Entituled an Act for Tonnage and settling
 Naval Officers Fees within this Province petitioned his said
 late Majesty King William that the same Act might not pass
 the Royal Assent under Pretence that the Profits arising thereby
 were Perquisites belonging to the Secretary Office and upon
 the said Sir Thomas's Complaint none appearing to gainsay
 the same the said Acts were dissassented but not any Directions
 to vest the Benefits of Ordinary Licenses in Sir Thomas Law-
 rence as Secretary or otherwise True it is the Assembly by an
 Act made in the Year 1694 in the Time of Governor Nicholson
 did give the Profits arising from Ordinary Licenses to Sir
 Thomas Lawrence which is the first Law that ever gave such
 Fines to the Secretary which said Act was Temporary and
 expired in three Years And altho' the Assembly did afterwards
 by other Acts continue the same to the Secretary yet it was
 always by Temporary Laws thereby reserving to themselves
 the Power of disposing of it as to them should seem meet.
 And it being considered that the Fees of the Secretary's Office
 of late are vastly increased through the Multitude of Business
 therein and the Licenses to Ordinary Keepers not being and
 Ways entered or recorded in the Secretary's Office is unreason-
 able the Fines arising thereon should be given or settled
 on him

This, Dread Sovereign is the true State of the Case, and
 we doubt not will give your Majesty full Satisfaction that Sir
 Thomas Lawrence as Secretary has no Right to the Fines on
 Ordinary Licenses within this Province, and hope your Majesty
 will not hear any further Complaints against us by Sir Thomas
 Lawrence upon this Subject.

p. 387 An Act Confirming the title of the Lands therein mentioned
unto Collonell W^m Holland Richard Harrison and Samuel

Whereas Collonell W^m Holland Richard Harrison and Samuel Chew have made it appear to the Generall Assembly of this province that they had heretofore Employed as their Trustees and agents John Hyde and Isaac Millner of the City of London in the Kingdom of England Merchants to purchase for them Certaine Lands Lyeing in Calvert County Called Abington manner and Dousdall Containing about two thousand acres (more or Less) Late the Lands of John Abbing-ton heretofore a Merchant in this province Deceased that the said John Hyde and Isaac Millner in pursuance of the said Co^{ll} W^m Holland Richard Harrison and Samuells Chews direc-tions in Referrence to the said purchase, proceeded so ffar therein as to purchase from Miriell Abington the Heiress at Law of the said John Abington by Vertue of a decree for that purpose made in the high Court of Chancery in the said Kingdom of England the Lands aforesaid in order to be by them Conveyed to the said Co^{ll} William Holland Richard Harrison and Samuel Chew, in the proportitions by them agreed upon that the said John and Isaack have accordingly Conveyed the same to Richard Harrison and Seth Biggs deceased in order to be by them further Conveyed and Settled according to the said Collonell William Holland Richard Harrison and Samuells Chews agreement Between themselves which is now done by the said Richard Harrison the said Biggs being dead, that the said Hyde and Millner being not so Con-versant with what our Law in this province Requires in order to the passing of Lands from one person to another omitted the Getting the said Miriell Abingtons acknowledgment of the said Lands as our Law Requires in such Cases and the said

Miriell Abington being since dead so that her acknowledgment Cannot now be had nor any other way devised how that defect in the said Co^{ll} W^m Holland Rich^d Harrison and Samuel Chews title to the said Lands may be helped but by an Act of Assembly to Confirme their Right who have actually paid a Valluable Consideration for the said Lands. Wherefore the said Co^{ll} W^m Holland Richard Harrison and Samuel Chew prayed releife in the premises from the Generall Assembly and in Order thereunto that an Act might pass in their favour to supply the defect of the said Meriell Abingtons Acknowledgment of the deeds by her Executed to the said John Hyde and Isaack Millner which was thought Reasonable to be allowed.

Then came the Honble Col Rob^t Quary and was added to the Board

And the House's Message by Major Gale and others relating to the restraining the Jurisdiction of the Provincial Court being considered It was offered that the making such an Act as desired might lessen her Majesty's Prerogative and that it may be Safer to defer Enacting such Law, until her Majesty's Pleasure be known, And therefore proposed & agreed that the following Answer be sent to the House Viz.

By the Council in Assembly Novem^r 1st 1710

This Board having had long and serious Consideration and Debate upon the House's Message relating to the Aggrievances offered by the Grand Jury & the redressing thereof, some of
p. 673 us are of opinion that the Enacting such Law would very much Intrench upon her Majesty's royal Prerogative in restraining her Supreme Court of common Law within this Province from taking Cognizance of Actions to be brought of the sums proposed But as to that part of the Aggrievance relating to the suing of Drawers and Endorsers in Separate Actions if your House can find any expedient to remedy it we shall heartily join with you

By the House of Delegates November the first 1710

In answer to your Message by Samuel Young Esq^r and three other members of your Board this House do say that unless a Bill be passed this Session for the restraining the Provincial Courts Jurisdiction their meeting here has been only to burthen the Country neither can they see wherein It will intrench on her Majesty's Prerogative and are very sorry some particular Interests should obstruct a Bill so highly necessary for the Good & Welfare of this Province and have resolved no other Expedient can relieve the Aggrievance

neither can this House proceed on any other Business till such a Bill be assented to & therefore pray your Honours Concurrence

And the Message from the House of Delegates brought up by Maj^r Gale and twenty three other Members of the House being taken into Consideration the Question was put by the Honble Presid^t of the Board if such Bill as proposed should not be Enacted this Session whither It might not endanger the Peace and Welfare of this Province & tend to some Commotions and disturbance and It is unanimously resolved that unless some such Bill as proposed be Enacted this Session the happy peace of this Province may be very much Endangered a recent Instance whereof We have in the late Libells thrown about the Country

The Honble Col Quarry came and was added to this Board. And being acquainted with the resolve of the Board as above and asked his opinion is pleased to say that he cannot be of opinion any Act should be passed which may any wise Intrench upon her Majesty's Prerogative as he takes it the Bill proposed may, & that he only passing through the Province is almost a Stranger to what late Transactions have been in the Country tending to the Breach of the Peace But if the Presid^t & Council have any apprehension of the Genl peace of the Province being Endangered in Case such an Act be not passed He does believe it advisable for them to Join with the Delegates therein

L^t Col Lowe & eleven other Members brought up from the House of Delegates a Bill for Regulating Proceedings at Law and preventing the Multiplicity of Actions in the Provincial Court of this Province and the following Message from their House

By the House of Delegates October the 27th 1710

U. H. J. will find a favourable Acceptance and timely Concurrence that there may be a Speedy and happy Conclusion of this Session

Ordered that the same be returned to the House with the following Endorsm^t Viz.

By the Council in Assembly November the 4th 1710

Gentlem.

Since we so frankly acquainted you at the opening the Session how far we were limited in passing Acts in the
 p. 683 Absence of a Governour in Chief we hope you will be inclined not to press us too far at this Time especially considering that the Law for redressing Agrievances agreed to this Session has provided Sufficiently against Persons being sued out of

their County Courts where they reside & inhabit which we think Sufficient to redress the present Evil intended to be remedied by this Bill And assure you tis with great Regrett We deny any thing offered from your House But having resolved not to enter upon any extraordinary matters with you will speedily endeavour the Conclusion of this Session

Resolved that there is an absolute necessity of having an Agent in London to Speak to our Laws & that it be again recommended to the House of Delegates to join with us in appointing a sufficient & capable Person to represent the Country and offer our reasons for enacting the Laws passed this Session Viz.

By the Council in Assembly November the 4th 1710

We should be much wanting to our Country if we did not once more recommend to you the absolute necessity of having some capable and fitt Person in London to represent our unhappy Circumstances & attend the Lords of the Council of Trade and Plantations to offer our Reasons to support the Laws we have Enacted this Session For we are morally assured and Convinced they will meet great opposition Wherefore we think it adviseable immediately to address their Lordships and offer our Reasons & the necessity of the Laws for remedying the Aggrievances now represented least the many opponents It is like to meet with should forestall us by prepossessing their Ldships with colourable Pretences of Irregularitys or Injustice and therefore heartily wish you would not omitt to do what is so absolute necessary for the service of the Country. Which if you should we know not whom to write to that can or will be any ways Serviceable to us

p. 685 From The House of Delegates November the 4th 1710

This House have considered your Message this morning relating to having an Agent &c But, since no Act has passed this Session wherein It can be presumed to be prejudicial to Trade, We cannot think the merchants will make any Interest against their being assented to.

And as for any Person in this Country doing it against the Act for relieving Aggrievances since your Honours do not think fitt to let that Bill pass but for so short Time as two years we presume it will Expire before we can have notice of its Assent and then our mony will be thrown away to no purpose so cannot concur with your Request to Employ an Agent
Signed p Order R Dallam Cl Ho Del

And a Bill for the Sale of Talbott County old Court House and the Prison Land thereto belonging which were read and assented to by this Board and sent to the House by M^r Young & M^r Hall

The following answer sent to the Houses message by M^r Worthington and three other Members

By the Council in Assembly November the 4th 1710

Gentlem. We are sorry you cannot concur with our Request to employ an Agent and find by your Indifferency in supporting the Law for relieving Aggrievances you do not sett so great Value thereon as we imagined you did and the Consequence of that Law seems to deserve or at least you have little regard to what Censure may fall upon us for passing such an Act Tho in it Self just & reasonable and might be approved if backed by some discreet person at home; yet clashes with such Interests whose Study and Endeavours we may Expect will not fail to oppose and defeat it

Major Gale and two other members brought from the House

By the House of Delegates Novem 4th 1710

Our Esteem for the Act for relief of some Aggrievances is
still very great notwithstanding its short Duration. And we
conceive that unless this Act had been passed few Inhabitants
would continue here And we think the Preamble of the Law
setts forth the necessity of the making of it which is to Ease
the Aggrievances & quiet the minds of the Inhabitants of the
Province which we hope will preserve your Honours from any
Censure at home for passing it, and the Shortness of Time for
which the Act is made will discourage any persons from making
any Interest at home for its repeale When her Majesty's ^{p. 687}
disapprobation if procured cannot probably arrive before the
Expiration of it Therefore we conceive the feeing an Agent
to Speak to it to be an unnecessary Charge

The Petition of Joseph Lambert Read and Ordered to be entered

To the Honble Robert Bradley Esq. and the rest of the Honble House of Assembly

The humble Petition of Joseph Lambert. humbly sheweth

That your Petitioner being the only vivent Executor of the late deceased the Reverend M^r John Lillingston cannot in Conscience but represent to your Honours the great Loss that the Orphans of the said M^r Lillingston sustain by being denied the forty p Poll for that Year Viz^t 1709 in which it pleased Almighty God to call their Father to his everlasting Rest. It is well known that the Deceased served in the Parish of Saint Pauls many Years before there was any Ministerial Maintenance established in this Province in which Times he could scarce acquire the bare Necessaries of Life for his painful and faithful Labours, and since the Establishment of the forty p Poll wherewith he had to exercise his Charity it has been very extensive and conspicuous even to the Maintenance of some whole Families and to other pious and Charitable uses; the Benefit of which altho' he now reaps in Heaven yet his poor Children want it here on Earth. The only Design therefore of this is only to offer to your Honours whether or not a Legal Induction gives a Right to the forty p Poll of that year in which it is made and if so then Yearly and every Year during the Life of the Incumbent. As moreover that the better Part of that Year for which we claim this forty p Poll was expired before the Death of the said M^r Lillingston (that is) if the forty Per Poll becomes due from the taking the Tax-

ables) which your Petitioner believes it does then the Deceased served ten, if only from November Court, then six Months. All which your Petitioner humbly leaves to your discretional Judgment and Determination hoping that your Honours will be pleased to order your Petitioner the full Payment of the forty p Poll for the year 1709 as aforesaid as being Executor as aforesaid. And your Petitioner as in Duty bound shall ever pray &^{ta}

p. 279

This Board having had long and serious Consideration and Debate upon the House's Message relating to the Aggrievance offered by the Grand Jury and the redressing thereof some of us are of Opinion that the Enacting such a Law as desired would very much intrench upon her Majesty's Royal Prerogative in restraining her supreme Court of Common Law within this Province from taking Cognizance of Actions to be brought for the Sums proposed. But as to that Part of the Aggrievance relating to the suing of Drawers and Indorsers in seperate Actions if your House can find any expedient to remedy it we shall heartily join with you

In Answer to your Message by M^r Young and three other Members of your Board this House do say that unless a Bill be brought this Session for restraining the Provincial Court's Jurisdiction their Meeting here has been only to burthen the Country; neither can they see wherein it will intrench upon her Majesty's Prerogative and are very sorry some particular Interests should obstruct a Bill so highly necessary for the Good and Welfore of the Province.

And have Resolved no other Expedient can relieve the Aggrievance. Neither can this House proceed on any other Business till such a Bill be assented to; and therefore pray your Honours Concurrence.

 Message.

By the Council in Assembly Nov. 4th 1710.

We should be much wanting to our Country if we did not
 once more recommend to you the absolute Necessity of having
 some capable and fit Person in London to represent our
 unhappy Circumstances and Attend the Lords of the Council
 of Trade and Plantations to offer the Reasons we have to sup-
 port the Laws we have Enacted this Session, for we are morally
 assured and convinced they will meet with great Opposition
 wherefore we think it advisable immediately to address their
 Lordships and offer our Reasons and the Necessity of the
 Law for remedying the Aggrievances now represented lest
 the many Opponents it is like to meet with should forestall us
 by prepossessing their Lordships with colourable Pretences of

Irregularities or Injustice and therefore heartily wish you would not omit to do what is so absolutely necessary for the Service of the Country which if you should we know not whom to write to that can or will be any Ways serviceable to us.

This House have considered your Message this Morning relating to having an Agent &^{ca} but since no Act has passed this Session wherein it can be prejudicial to Trade we can't think the Merchants will make any Interest against their being assented to and as for any Person in this Country doing it against the Act for relieving Aggrievances since your Honours don't think fit to let that Bill pass but for so short a Time as two Years, we presume it will expire before we can have any Notice of it's Assent and then our Money will be thrown away to no Purpose so can't concur with your Request to employ an Agent Signed p Order Richard Dallam Cl. Gentl. We are sorry you cannot concur with our Request to employ an Agent and find by your Indifferency in supporting the Law for relieving Aggrievances you do not set so great a Value thereon as we imagined you did and the Consequence of that Law seems to deserve, or at least you have little Regard to what Censure may fall upon us for passing such an Act (tho' in itself just and reasonable and might be approved if backt by some discreet Person at Home) yet clashes with such Interests whose Study and Endeavours we may expect will not fail to oppose and defeat it

L. H. J.
Lib. 41.

Our Esteem for the Act for relieving some Aggrievances is still very great notwithstanding it's short Duration and we conceive that unless this Act had been past few Inhabitants would continue here and we think the Preamble of the Law sets forth the Necessity of the making of it which is to ease the Aggrievance and quiet the Minds of the Inhabitants of this Province which we hope will preserve your Honours from any Censures at Home for passing it. And the Shortness of Time for which that Act is made will discourage any Persons from making any Interest at Home for it's Repeal when her Majesty's Disapprobation if procured cannot probably arrive before the Expiration of it and therefore we conceive the seeing an Agent to speak to it an unnecessary Charge
